Four German Torpedo Destroyers Sunk By the Cruiser "Undaunted" Off the Dutch Coast

MOST CRITICAL BATTLE OF WAR IS NOW WAGING

Germans Prepare for Renewal of Offensive by Joining Their Victorious Troops From Antwerp to Main Army—Everywhere Allies Have Held Their Ground, is Latest Report from General Joffre—Rumors Regarding Sinking of Battleships by Germans Denied by War Office.

London, Oct. 17.—Within 100 miles of London the most critical battle, viewed from its effect on the immediate fortunes of the opposing armies that has marked this colossal campaign is now being fought and flowing along a line stretching through Belgium and farther westward into the French department of the Nord.

The Germans have prepared for a renewal of their vigorous offensive by joining their victorious troops from Antwerp to the main army.

Much more is published in British newspapers of German reinforcements than of accessions to the ranks of the allied armies.

Meantime the German is making just as strenuous an offensive on the allied left, which remains the most important position as it has been throughout the campaign.

"Everywhere our ground has been held and at some points ground has been gained," is the latest report from General Joffre, of the French army, on the operations in this particular field.

The British war information bureau is surprisingly silent as to events along the battle front. The only statement that had emerged from the bureau up to 2 o'clock this afternoon as a denial intended to allay the ghosts of rumors that followed the sinking of British cruiser Hawke. "There is no truth whatever in rumors that any vessels of his majesty's navy have been sunk or have otherwise met disaster, other than those about which announcements already have been made," said the official pronouncement.

ALLIES CONTINUE MAKE PROGRESS IN REGION OF ARRAS

Fleurbaix Taken by Allied Troops and Also Approaches to Armentieres.

NO IMPORTANT CHANGES REPORTED IN PRUSSIA

Austro German Army Driven to Defensive All Along Vistula River.

Paris, Oct. 17. (2:50 p.m.)—The official statement given out at the French war office this afternoon is as follows:

"In Belgium the German troops occupying western Belgium have not crossed the line running from Ostend to Thorout to Roulers to Menin. There is relative quiet along the greater part of the front.

"On our left wing there has been no change. In the region of Ypres, on the right bank of the Lys, the allied troops have occupied Fleurbaix as well as the immediate approaches to Armentieres.

"In the region of Arras, and also in the vicinity of St. Mihiel we have continued to gain ground.

"In the Russian field of operations there has been no change if importance on the front in east Prussia.

"Along the middle reaches of the Vistula river, the Austro-German armies have been driven to th defensive along the entire front. To the south of Przemysl the fighting continues and the Russians have taken 500 prisoners."

THREE PRESENT FRENCH CANADIANS IN CABINET TO GET OTHER POSITIONS

Ottawa, Oct. 17.—It is now stated that it is very probable that not one, but all, three, of the French-Canadian members of the dominion cabinet will retire from the government within the next two weeks. Hon. L. P. Pelletier, postmaster-genral, is retiring on the advice of his physicians, it is said. Hon. Bruno Nantel, minister of inland revenue, will go to the railway commission, and Hon. Louis Coderre, secretary of state, will get a judgeship according to well-defined rumors. The three likely new men are Hon. T. Chase Casgrain, L. T. Marechal and E. L. Patenaude, and Albert Sevigny is also mentioned.

MIDDLE WEST BANKER SEES EDMONTON AS A FUTURE BRIGHT LIGHT

Alberta is at the present time attracting considerable attention from some of the prominent financial men of the United States, specially here in the United States, especially the middle west. One of those visiting the city today is George H. Hunter, of Des Moins, Iowa. He is a banker in his home state, but has large interests in this province and is here looking them over. Mr. Hunter holds an opinion regarding Edmonton and district which seems to be about unanimous—that it will become one of the greatest, if not the greatest, in the western half of the dominion.

Chicago, Oct. 17.—Supplies and food amounting to $150,000,000 have been sent to Europe from Chicago since war was declared.

GERMANS REACH THE NORTH SEA; FIGHTING PROCEEDS AT DUNKIRK

Belin, Oct. 17.—According to an announcement made in Berlin today German troops in the vicinity of Ostend have reached the North sea and fighting is going on as far west as Dunkirk.

BLOODHOUNDS TRAIL ESCAPED MURDERER

Two Convicts Break Jail After Killing Guard—One is Shot.

DESPERATE MAN IS ARMED

As Dogs Were Put on Warm Tracks Thought Fugitive Soon Taken.

Folsom, Cal., Oct. 17.—Posses searched the country surrounding Folsom state penitentiary today for Frank Creeks, who escaped last night in an outbreak which cost his cell mate, Harold Flash, and J. B. Drury, a sergeant of the guard, their lives, and resulted in serious injury to two prison guards. Warden John Smith, in charge of the man hunt, is using bloodhounds, and as they were put on a warm trail, it is believed the fugitive will soon be captured. Creeks, if he can shake off the dogs, may be able to give his pursuers a difficult chase. He is armed, and it is thought that he will fight to the last.

Creeks, a life-termer, and Flash, who was serving a 20-year sentence for robbery, were the only prisoners concerned in the outbreak.

They had obtained a knife, a dumbbell, to be used as a bludgeon, and a piece of metal to unlock the door of their cell. Gaining the yard they crouched behind a door leading into the main corridor of the prison, and awaited the appearance of Sergeant Drury and Guard Kerr. When the two, bearing four guns for the guards inside, entered, they left the outer door unlocked. As the inner door swung to the convicts leaped upon them. Kerr was struck with the dumb-bell, but he was able to stagger back through the outer door and strove to close it.

The keys, however, had fallen with the sergeant, and the door could not be locked. Waiting but a moment to snatch the guns and the keys from the body of the sergeant, the two convicts started for the outer yard. Kerr held the door until the muzzle of one of the guns was thrust into his stomach and then retreated.

The convicts rushed out and immediately Kerr opened fire. At the first shot Flash fell with a bullet through the back of his head. Almost at the same moment Guard Maher, stationed at one corner of the yard emptied his gun at Creeks, who, however, had wounded the guard in the leg. Before another guard could interfere with his passage Creeks escaped.

Athlete Thought Drowned.

London, Oct. 17—Among the officers who are believed to have lost their lives in the sinking of the British cruiser Hawke, in the North sea, by a German submarine, is Dr. J. H. D. Watson, who was well known as an international rugby football player.

STATED SILENCE LULL PRECEDING STORM TO COME

Downpour in France Ads to Misery of Troops in the Trenches.

NECESSARY FOR ENEMY MAKE FRONTAL ATTACKS

Barrier Joined Between Ypres and the Coast Allies Cannot be Turned.

Paris, Oct. 17.—A steady downpour of rain last night has drenched the fields of battle. The discomforts of the troops and the difficulties of the operations have been increased by the rain.

The brevity of the recent official communications is being commented on in Paris today and the fact that fighting has been going on as usual is making the people of the city ask if the present comparative silence is not the lull preceding the storm.

The joining of the barrier between the coast and Ypres to that of the existing front has made it impossible in the judgment of the French military experts to turn the allies. On the contrary, it will be now necessary for the Germans to attack the allies on their front and it has been thought here that such an attempt would be made between Ostend and Ghent. To challenge this argument, however, is the fact that significant developments are said to be taking place near Lille. The strength of the positions of the allies near Lille in the face of repeated and unsuccessful attack by the enemy, has given them great encouragement.

London, Oct. 17; 7:05—The official war bureau announces that four German torpedo boat destroyers have been sunk off the Dutch coast this afternoon by the British light cruiser Undaunted, which was accompanied by destroyers.

London, Oct. 17.—(7:10 p.m.)—The secretary of the British admiralty announces that the light cruiser Undaunted, accompanied by torpedo boat destroyers Lance, Lenox, Legion and Loyal engaged four German torpedo boat destroyers off the Dutch coast this afternoon. All the German destroyers were sunk.

The Undaunted is a light cruiser of the Arethusa class, which Winston Churchill has described as "destroyers of destroyers." Its displacement is 3,750 tons, length 410 feet and beam 39 feet, and has a speed of 29 knots. The armament consists of two six-inch guns, six four-inch guns and four machine guns with four torpedo tubes. The boilers are fired entirely by fuel oil of which about 750 tons are carried. The complement numbers about 270 officers and men. The Undaunted was built at Govan and launched and completed this year. Its cost has not been made public.

The British cruiser Undaunted was commanded, according to the latest British navy list by Lieut.-Commander George Seymour.

The destroyers that accompanied the cruiser have each an armament of three four-inch guns and an equipment of four 21-inch torpedo tubes in pairs. The destroyers are 250 feet in length and have a speed of 29 knots an hour. They each carry 100 men.

FOREGO INDEMNITY IF ANTWERP LOOKS AFTER 15,000 MEN

London, Oct. 17—In a despatch from Rotterdam dated Friday, the correspondent of the Star telegraphs that it has been reported there from Rosendaal, Holland, that the German governor of Antwerp has decided to forego the huge indemnity spoken of at one time in favor of the demand that the city shall support the 15,000 German soldiers who seem to have been left in Antwerp as a force of occupation. The people of Antwerp are now allowed to lock their doors at night, the correspondent says, but they must keep lights burning in their halls.

FOUND GUILTY OF FRAUD; REMANDED FOR SENTENCE

A case in the supreme court which is attracting some attention is the charge of fraud against C. T. Tubb by Miss Jessie C. Adams. The case is a dispute over money invested by Miss Adams in real estate in the vicinity of Peace River Crossing. It appears that the plaintiff invested some $2,000 in lots there through the agency of Tubb. From all accounts the sudden outbreak of the war and the falling flat of the oil boom brought trouble upon the shoulders of Tubb, for the promised profits of the investment made by Miss Adams were not forthcoming. Tubb has been imprisoned six weeks awaiting trial. Miss Adams in her evidence stated that Tubb had promised to double her money by the investment. The complainant is practically a stranger to these parts and came here anxious to make money fast. She thought so well of Tubb's proposition that she invested heavily in it, with the result that present conditions did not bring forth rapid profits, or any, and she also states that for a certain sum that she gave Tubb on a deal, she received an agreement of sale for the property. Tubb claimed he had no intention of keeping Miss Adam's money, only that things went wrong, times grew hard, and he was unable to show her the promised profits. On Saturday morning Tubb was found guilty and remanded for sentence.

REPORTED ITALY CEDED TERRITORY TO STAY NEUTRAL

London, Oct. 17. (1:55 p.m.)—The Stockholm correspondent of the Daily Telegraph has sent a report, which reached him from unknown sources to the effect that ustria-Hungary and Italy are on the eve of concluding an agreement under the terms of which, in exchange for the maintenance of Italian neutrality in the war, ustria-Hungary will cede to Italy the Trentino, a district in the Austrian Tyrol bordering on Italy and containing the city of Trent and permit a permanent occupation by Italy of Avlona, the seaport on the Adriatic.

The Telegraph expresses the opinion that this report should be received with the utmost caution.

GERMANS SOW MINES GIVE WARNING THAT PORTS ARE CLOSED

Petrograd, Oct. 17—The Russian government announces that because of the presence of German submarines in the Gulf of Finland and the sowing of mines in Russian waters by the enemy, it has been compelled in turn to have recourse to similar measures. Consequently certain zones of Russian waters, especially those near the Gulfs of Riga and Finland and the litteral archipelago, must be considered as dangerous.

In case non combatants shall run the risks the entrances and exits of the gulfs of Riga and Finland, it is said, are considered closed from the moment of the publication of this notice.

GERMANS GETTING IN BAD WITH SWEDEN BY STOPPING HER SHIPS

Stockholm, Oct. 17—The recurring practice of the Germans of stopping Swedish ships and taking them to Swinemunde has caused public expressions of indignation, particularly as no explanation or excuse is offered. The Swedish press urges that the Swedish fleet should control the behavior of the German ships, expressing the opinion that a number of the vessels interfered with were at the time in Swedish waters.

HEAVY FIGHTING IS REPORTED IN GERMAN COLONY WEST AFRICA

BRITAIN ALREADY HAS RAISED OVER ONE MILLION MEN

Times Correspondent Replies to German Paper Regarding Mobilization.

FULL WEIGHT WILL NOT BE FELT FOR YEAR YET

If Things Are at Their Worst Could Harass Teutons With Maritime War.

London, Oct. 17—(5.40 a.m.)—The Times' military correspondent, replying to the Frankfurter Zeitung's statement that Great Britain was unable to raise more than 600,000 troops, says:

"We have at present exactly double that number, namely, 1,200,000 men, and the number grows almost faster than we can cope with it. This is only the beginning.

"It is our way, as well as that of America, to begin to raise our armies after the war breaks out, and to go on raising them until our ultimate ends are achieved. With 1,200,000 men at home, the army in the field and the hundreds of thousands forming in India, Canada, Australia and elsewhere are merely the nucleus upon which other armies are eventually to be built.

"It is only a question of time. It stands to reason that an empire of four hundred million can never lack men. This war for us has hardly begun. We have sent merely an advance guard into France. In the spring the remainder of the advance guard will follow and somewhere near the end of the 1915 the main body will begin to come into view.

"We are sorry for the allies that we are even slower than Russia in making our weight felt, but a year or so hence, when the allies need a rest, we shall be in a position to make good war.

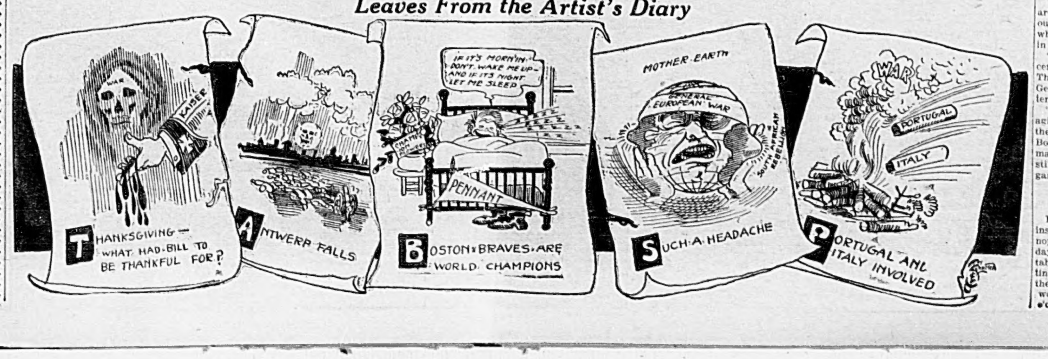

"Nothing can arrest the steadily ascending of the figures of our army. Their cost is of little account since Germany will ultimately have to pay in territory as well as money.

"Imagine things at their worst. Imagine the last cossack on the Urals and the last French doorkeeper evicted from Bordeaux. Then we would begin a maritime war against Germany and still be no worse off than when we began war against Napoleon."

GERMANS PLACED IN AWKWARD FIX IN YPRES REGION

In Attempting to Extend Their Line From the Coast to Courtrai Teutons Get in Perlious Position, it is Stated—Airmen Drop Bombs on Seaport Before Taken But Damage Done is Trival—Forces in Belgium Endeavoring to Effect Juncture With Main Army in France

A town in France, Oct. 17.—The news that the Germans had entered Ostend was telegraphed to the allies yesterday. The communication lacked detail, but it was understood that the port surrendered and was not bombarded by artillery. Several German Taubes have paid visits to Ostend in the course of the last few days, and seem to have left their customary deposit of bombs, but without doing much damage.

Yesterday morning a German biplane hovered over Dunkirk and after taking a leisurely survey of the fortifications let fall a couple of bombs. The markmanship was bad, as it usually is, in this kind of warfare. One bomb fell into the sea and the other hit the foreshore.

The biplane did not get off free. It was saluted with a hail of bullets from the sharpshooters in the forts and everywhere, and some of them took effect. The machine staggered off in the direction of Ostend, but it came down between Furnes and Nieuport. There it was found that one of the aviators had been badly hit. He was removed in a dying condition to the nearest red cross hospital, while the other was taken prisoner and he and the aeroplane were brought into Dunkirk. A force of about 5,000 Germans is now holding Bruges, it is said.

In attempting to extend their line from the coast to Ypres and Courtrai the Germans appear to have placed themselves in a very perilous position.

Desperate fighting took place both yesterday and today in the region of Ypres and Courtrai, where the German forces in Belgium are endeavoring to effect a junction with the main army. Several attacks of the Germans were repulsed with heavy losses.

WISDOM OF CITY FATHERS DOES'NT IMPRESS MASSIE

Hates to Convict Poor People But is Forced to Do so, He Says.

POLICE COURT CASES INFRINGEMENT BYLAWS

Many Needy People Open Small Stores in City, Fined For so Doing.

"To me it seems very unfortunate that the city has chosen this time to bring on these cases, for I can do nothing else but convict those accused, much as I dislike to do so under the circumstances." This was the sentiment expressed by Magistrate Massie as he fined K. Maromatic $5 and costs for a breach of the city bylaws, the accused having erected a small shack on Jasper which did not comply with the regulations within the first class fire limits.

Along Jasper avenue within the past few months there have been built a number of small frame shacks to be used as stores. Many persons of small capital have gone into this class of business, who otherwise would be employed in other branches of work. The proprietors only make a few dollars a week but they are breaking the law by having erected the frame buildings.

Lately the city authorities have commenced a crusade against the wooden buildings and in the last week have had several persons convicted of infringing the law.

It was pointed out in the police court that if the city pressed the matter new it will mean that a number of people will have to be dependent upon others for charity. Steps will probably be taken with a view of settling the question without closing the shops.

There will be no more spaghetti from Italy for some time.

CANADIAN BANKERS GET 12 PER CENT FOR FARM LOANS

Rural Credits Commission Makes Report and Suggests Four New Systems.

Dr. H. M. Tory, president of the university, and A. Bramley Moore, ex-M.L.A. for Alexandra, who were members of the commission which toured Europe to investigate farm credits, have made a report, which has been tabled in the legislature by Hon. Duncan Marshall. The four following systems have been advised.

Plan 1—A land mortgage credit association after the pattern of the German Land Schaften, strictly co-operative in character.

Plan 2—A land mortgage credit association similar to the above, but with a government guarantee, sufficient to bring it into being, and covering its operations for a sufficient term of years to establish it on a permanent basis.

Plan 3—A joint stock company which for certain privileges conferred would accept limitations as to interest charges.

Plan 4—A government land mortgage bank similar to those now existing in Australia and New Zealand.

This report is an exhaustive one and goes into details, showing the many good points of the various systems looked into. It is being printed by the department of agriculture, and a copy may be obtained from the department as soon as it is off the press.

The following is an excerpt from the report:

"In spite of the fact that the Canadian Bank act makes it illegal, for money to be loaned by the banks at a greater rate of interest than seven per cent., it is not unusual for the rate of interest on these small loans to go even as high as 12 per cent. particularly in outlying localities. This statement is not necessarily offered as a criticism, for the reason that the amount of business to be found in these small localities would hardly warrant the office of the bank being opened in many districts were the business done on a normay basis. The unsuitability of the commercial banks to the needs of the farmer, particularly the small farmer, has made necessary in every country in Europe the foundation of the financial institutions for the express purpose of financing agriculture."

Electric foghorns have been invented that can be heard 14 miles.

GERMANS SAID IN AWKWARD POSITION CLOSE TO WARSAW

A Hopeless Base for an Army Where Cavalry is a Great Element.

Petrograd, Oct. 17—The failure of the German tactics of a rapid offensive against the Vistula has left them in a difficult position. They are now 27 miles farther back than on Tuesday and the position to which they have been thrown back is hopeless as a base for an army where cavalry is a great element, because of the insufficency of water.

Everything points to the fact that the repulse of their vanguard on Tuesday following their failure to get the bridge of Ivangorod amounts to a disaster from a strategical point of view. To complete their discomfiture the Russians yesterday defeated an Austrian army below Przemysl.

Warsaw is placarded with government proclamations directing the inhabitants to pursue their ordinary occupations and principal functionaries have been sent to resume their duties up to the line where the field force is engaged. In the zone held by the Germans the inhabitants are mostly Jews and they had all their belongings taken, the enemy's patrols says: "The Cossacks will pay for them."

ANTWERP IS HELD BY 15,000 GERMANS

Efforts to Induce Refugees to Return are Meeting With Little Success.

to induce refugees to return to Antwerp, are meeting with little success, as the Burgomaster advises them to wait 12 days while he endeavors to make favorable terms for them.

Negotiations will take place at Brussels, where a party of refugees, all over 50 years have already gone to consult with the military governor, only 15,000 of the original inhabitants are left in Antwerp and these are mostly old men, women and children.

Antwerp is being held by 15,000 Germans including a large contingent of sailors. So far there have been no excesses in the city but the house of ex-burgomaster De Vos has been plundered, whether by roughs or soldiers is unknown.

Before the Germans entered the city a huge supply of grain was safely sent away.

There is not a Belgian soldier now left in Belgium those who escaped went to France joining the allies. Communication between Antwerp and Brussels is maintained by motor car service, the only railways still being useless.

Those foreigners still in Antwerp have been forbidden to leave but the German order that all houses in the city must be kept open day and night is now withdrawn.

NATION FIGURES KAISER HAS ALMOST TEN MILLION SOLDIERS AT HIS CALL

London, Oct. 17—The Nation says the following will be found the best official estimate of the total fighting forces of the German empire:

"Trained men now serving 4,450,000. Untrained, but reliable 3,750,000. Landsturm, 17 to 20 years, 1,500,000. Total, 9,700,000.

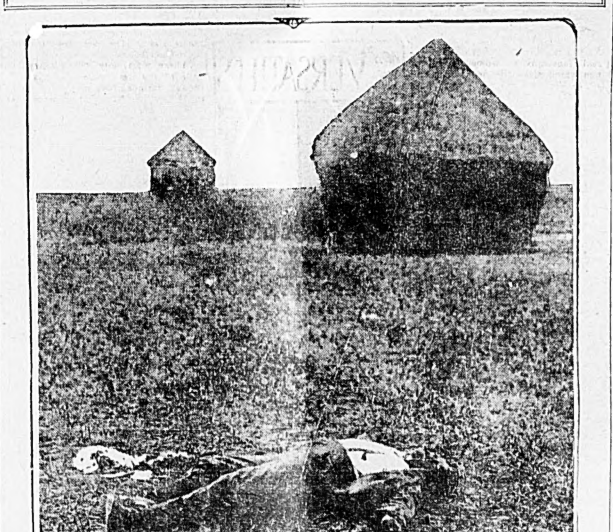

Private letters from Germany, according to the Nation, speak of terrible losses among officers. One records the deaths at 42 per cent. of the officers in the Bavarian guards.

GENERAL IMPRESSION FRENCH SOIL WILL BE SOON CLEAR INVADERS

London, Oct. 17.—The correspondent of the Times in Bordeaux commenting on the situation, telegraphs as follows:

"The general impression prevails here that we are on the eve of the liberation of French soil from the invaders. It is believed the Germans cannot long resist the combined pressure of the allied armies and will be forced to weaken their center, thus relieving Soissons and Reims. This will endanger General Von Kluck's army and will compel the retreat of the crown prince's army which is in jeopardy, more especially because snow is falling in the Ardennes."

"THE HARVEST"

STEADY GAINS BEING MADE BY ALLIES ON LEFT

London Papers Generally Deprecate Occupation of Belgium Coast Towns but Generally Admitted if Submarine Attacks Engineered by Germans from Base Further Away, Ostend Would be of Strategic Value—Teutons Driven Back and Anglo French Troops Now Occupy Laventie.

London, Oct. 17 (10:30 a.m.)—German forces, as was predicted, have occupied Ostend on the North sea near where the German right wing and the allies left are struggling in the latest phase of what was once the battle of the Aisne.

Reports reaching London say that German imagination has been fired by the taking of Ostend and the cry now is not only "on to Calais," but "on to Bologune."

What progress, if any, the Germans have made since they entered Ostend Thursday morning, is not known here, but the next objective apparently is Dunkirk. Opinion in England seems to differ as to what part the British fleet would play should the battle continue to skirt the coast line and the reports that British dreadnoughts would back up the French British and Belgian forces from the straits of Dover, seem to originate in German sources.

London newspaper generally deprecate the occupation of the Belgium coast, pointing out that the British mine field prevents the enemy from operating in the none to spacious harbor of Ostend. The fact remains, however, that as the fighting gets geographically nearer to England, the public, heretofore discussing and speculating on Zepoelin raid is bound to nail itself what will come next.

It is unquestionably true that if Germany is able to engineer submarine attacks from a base further away, Ostend, if held by the invaders, certainly would be of some strategic value.

The allied left is holding its ground, t some points it is even moving forward having occupied Laventie, driving the Germans back in the direction of Lille. One report had it that the Germans had been driven out of Lille, but this has not been confirmed. The presence of Uhlans has been reported recently within 40 miles of Calais, but a glance at the map in the region of the cavalry clashes of the last few days, which for a time extended as far west as Hazebrouck, shows that notwithstanding the German claims of victories, the allies have made steady progress, Laventie being considerably east of the town mentioned.

Health Depends on Kidneys

Whole System Suffers if They Are Deranged.

Health is an absolute impossibility when the kidneys are out of order. The explanation is simple. Life cannot be lived without waste. The blood sweeps through arteries and veins, supplying vitality to every organ and part, gathers up the waste matter and carries it to the kidneys. The kidneys are a filter and it is their office to strain from the blood all the poisonous deposits and to pass them on to the bladder for expulsion. When any part of the kidneys is inflamed, the purifying is less perfectly done. If you are troubled with pains in the back, dizziness, aching joints, nausea and other symptoms of kidney disease, you should lose no time in testing Warner's Safe Kidney and Liver Cure. It is considered by many physicians to be an excellent remedy in the treatment of diseases of the kidneys, liver and blood. It soothes inflammation and irritation, awakens the torpid liver, aids digestion, stimulates the enfeebled organs, and will give you that sense of well-being which attends perfect health. RUSSIANS FORCED BACK ACROSS EAST PRUSSIAN FRONTIER

Colonge Gazette Says Evacuation of Goldap for Military Reasons.

London, Oct. 17—(2.05 p.m.)—A despatch to Reuters from Amsterdam says:

"The evacuation of Goldap, in east Prussia by the civilian population is revealed by the Cologne Gazette's correspondent at Rastenburg, who says that the departure was caused by military reasons and precautions."

The correspondent adds:

"All the Russian attacks on this side have been repulsed and the Russians forced back across the frontier. It is estimated that from six to eight army corps are along the frontier from Schirwind to a point opposite Lyck, east Prussia. The Russians attack mostly at night, but are always repulsed with severe losses. There is no reason to fear that east Prusala is in any way endangered."

Report to Police.

Vienna, Oct. 17—The police here have issued a peremptory order to all subjects of hostile states at present residing in the capital to report to the police within three days. The order states that failure to comply with it will result in the persons to whom it is addressed being prosecuted with the utmost vigor of the law.

PAYS TWENTY FOR PIPEFUL OF OPIUM

Chinese Court Interpreter Soaked by Magistrate for Indulging.

Twenty dollar and costs was the price paid by Joe You, a Chinese court interpreter for a pipeful of opium, the magistrate mulcting him of that sum on Thursday.

A couple of days ago several of the city detectives were in the New England rooming house on business connected with their profession when the keen nostrils of the sleuths caught a whiff of burning opium.

By climbing onto the back of Chief-of-detectives Kroning, Detective Fryant was able to peer through the transom of room 25 and in there he discovered the oriental in the act of smoking.

Some amusement was caused in the court room when the Celestaan was putting in his defense. He stated that when the detectives searched the room they found some fire-crackers and proceeded to explode them, much amused by the operation.

GERMAN PRIEST HAS NEW DOCTRINE THAT SUITS THE OCCASION

London, Oct. 17—The Standard publishes the following from its Copenhagen correspondent:

"A member of the German Reichstag, a priest by the name of Helm, writes to the Vossiche Zeitung:

"It is true that our soldiers shot every French and Belgian scoundel, men, women and children alike, and that they destroyed their habitations, but anybody who regards this as contrar yto the teachings of Christianity only shows that he does not possess the faintest understanding of the true spirit of Christ."

MRS. KEANE LOSES ANOTHER LAWSUIT

Charge of Perjury Instituted by Local Lady Against Contractor Dismissed

The case of perjury, brought against John P. Cragg by Mrs. Amy Keane was dismissed on a technicality by Magistrate Massie on Thursday.

Cragg is a contractor, who built a house for the plaintiff a couple of years ago which it is claimed was paid up in full after swearing an affidavit that there were no bills for material left unpaid. Later, it is claimed, Mrs. Keane was asked to pay sums of money for material used in the house and procured by Cragg. The result was a case of perjury, it being alleged that Cragg had sworn to false statements.

The affidavit in question, it is stated, was taken by Frank Barker, commissioner of oaths. The counsel for the defense claimed that the affidavit was null as it was not required by any law. Furthermore the prosecution did not produce Mr. Barker in court to demonstrate his right to take the declaration in question.

What the Theater Press Agents Say

BEVY DIVING GIRLS HEADS PANTAGES BILL

An offering of comedy with a good bit of daring sensationalism is the new that Pantages theater has dished up for its patrons next week. The headliner is Lottie Mayer and her Grecian diving girls. Lottie Mayer is one of the few successful exponents of the art of fancy diving and swimming. She is a strong swimmer and is distinguished in the tank on account of her grace. Her girls can all swim and dive with more than ordinary ability. Miss Mayer has introduced into her act this year some classic dances which add a great deal to the enjoyment during the 25 minutes.

Another favorite who is bound to obtain a hearty welcome is Laurie Ordway, the merry English comedienne. Last season she scored a big hit. She is recognized from coast to coast as one of the stars of the vaudeville stage. Her cleverness is undoubted and wherever she plays she gains a host of friends. Her biggest success among her original humorous creations is her impersonation of an English militant suffragette. At heart Miss Ordway is a suffragette and was among the first fight for equal rights but when the militants started into the battle she stopped. She does not believe in the methods the militnas use and has taken the stage as a way to ridicule them. Often she has been stopped in her performance by suffragettes because they claimed she was hurting the 'cause' but not so. She is trying to hurt the "militant cause" by exposing their foolishness. She will surely add more friends to her already large list.

Davis and Walker will be seen in a comedy skit, entitled, "A Lesson in Dancing." This will give the young lady patrons an opportunity of learning some new steps. They have a brand new dance entitled the "corkscrew." Just what it is like we cannot say here but it is said to be very daring.

The bill will be opened by De Witt Young and sister Young is known as the college boy juggler. He handles a myriad of objects and demonstrates that it is just as easy to juggle a baby bed as a rubber ball, if you know how.

Then along comes a comedy playlet that will surely please. "Strenuous Daisy," is the title and it is presented by Violet Neitz, Jack Phipps and company. The scene is laid in the country near home, and, outside of that, nothing can be said. The principals are keeping the plot a secret but from all reports the playlet is very amusing.

The bill will be brought to a close with some timely war views.

VERSATILES AT EMPIRE FIRST OF THE WEEK.

"Scottie in Japan," an amusing musical farce describing the trials and tribulations of a theatrical manager and his company while on a tour of Japan, will be the initial offering of the all-star London "Versatiles," when they come to the Empire theater for three days, starting Monday evening. This bill will be repeated again on Wednesday evening, while on Tuesday evening and at the matinee on Wednesday "The Canadian Express" will be the attraction.

The "Versatiles" are already warm favorites with local audiences, having appeared here two seasons ago with great success.

The attraction bears the guarantee of the management as to its excellence, and, as the prices are extremely popular, a big house should be packed for each performance. Al the latest British military airs, and comedy numbers will be introduced by this all-star English company, and for the three nights of next week, the Empire will have a typical English atmosphere that will attract all the old country residents, who want a fresh reminder of English as she is interpreted by the English. Popular prices will prevail throughout the engagement.

Miss Zara Clinton, who charmed Canadian audiences two seasons ago, is again at the head of this talented organization, and her pleasing personality will at once appeal to lovers of the best in music, and song.

LYCEUM ATTRACTION HAS HAD BIG RUNS.

"The Idlers," a four-act drama from the pen of C. Haddon Chambers, will be the attraction at the Lyceum theater all next week, starting with a bargain performance Monday night. John Mason, one of America's most dignified actors, and George Alexander, another star of repute, were members of the original cast appearing in this play, which enjoyed a run of two years in London, one year in New York and 28 weeks on the road.

The plot is one which will interest the most casual theater-goer. The theme is a big one, handled with consummate skill by a dramatist whose reputation as a playwright is well-known. Pathos, dramatic climaxes of convincing realism and a laugh now and then intermingle to make a play big in purpose and at the same time entertaining.

The cast for "The Idlers" has been chosen with exceptional care. Edward Hearn will be seen as Mark Cross, and Donald Grey, who is doing excellent work this week as Chetwin, will play Sir John Harding, generally known as "Gentleman Jack." Wallace Howe is selected to assume the role of Simeon Strong, and William Yule as General Merryweather. The other parts will be played as follows: Bennett, Ronald Bradbury; Lady Harding, Grace Johnson; Mrs. Cross, Margaret Marion; Kate Merryweather, Alice Errol; Mrs. Glynn-Stanmore, Marie Davidson.

The usual Wednesday and Saturday matinees will be played.

MOVIES NOW SHOW BIGGEST SELLERS"

The motion picture business has not only grown in the very short time it has been popularized, into one of the most gigantic businesses of modern times, but it is now making big inroads into th cranks of the biggest and most successful players on the stage, and producers are adapting to the movies the classics and most popular works of fiction and plays.

This latter move gives to the motion picture producer and the millions of the motion picture fans the greatest and most advantageous field for great picture development yet thought of, for now the screen will display in the nearest thing there is to the actuality, what before the reader of fiction was required to see only in his imagination. And it is in no half-hearted manner that the motion picture man usually visualizes the bigger undertakings, for no money is spared to create the most realistic productions obtainable and there is no limit, by reason of stage accommodations or otherwise, to most vividly reproduce the proper atmosphere and settings to the story. If necessary, the movie manufacturer takes whole companies of players around the world and stages his scenes in the actual spots related in the story.

The motion picture offering that comes to the Empress theater for Monday and Tuesday is an example of a movie adaptation from one of the world's "biggest sellers." The book was written by Mary Imlay Taylor and is "The Man in the Street." The film work is known under the same name. It is a very pretentitous production and is a representative high class offering. A company of some of the highest salaried and most experienced film players will be seen in the chief roles. Marc MacDermott, who has been seen in many brilliant photo-plays shown in this city, characterizes the leading part. The picture is in three reels and is a powerful presentation of a wonderful book, one of the biggest sellers in the world of fiction.

NAPOLEONIC HISTORY IN BIJOU FILMS

A war romance, taken from the pages of French history, is the subject of the film that will head the bill at the Bijou theater. The First street theater has just concluded some fortunate arrangements with a large feature film compan for the exhibition of the life and story of Napoleon the Great. At this moment this subject will come to the people of Edmonton with a peculiar force, particularly in view of the fact that the picture contains numerous thrilling battle and war scenes. There are scenes of fighting that took place in the Napoleonic wars, from the time of the very first skirmishes in France, through the disastrous campaign to Moscow and to the final stand at Waterloo.

No money or effort has been spared to make this production one of the greatest of its class yet shown.

Of the gentler touches which will make this masterful film strong in its appeal, especially to women, are the things which make the presentation a story, as well as a historical reproduction. The love story of Napoleon and Josephine is beautifully told, built up in interest by the introduction of the historical incidents of Eugenie's girlish infatuation for the soldier boy, of whom she practically made a general and the marriage of state between Marie Louise and Napoleon. There are hardly any finer opportunities for a strong story than these actualities of history and it is this that must make it all the more appreciative.

The pictures will be shown in two installments, but each one will be complete in itself. "A Born Warrior" is the title of the first part and will be shown at the Bijou Monday and Tuesday. On Wednesday and Thursday will be exhibited the sequel to "A Born Warrior," called "Exiled." Each installment will be in three reels. Here is the kind of motion picture that accomplishes a double purpose, that of an educational factor of much consequence and also fulfilling the demand for entertainment in its finest sense, in telling one of the greatest romances in all history, unexcelled even by the flights of the imagination of the writers of fiction.

"GOODNESS GRACIOS" AT THE DREAMLAND.

Next Monday and Tuesday the Dreamland presents another "Broadway Star Feature," entitled "Goodness Gracious," or "Movies as They Shouldn't Be," a vitagraph comedy in three parts. It comes direct from a five weeks run at the Vitagraph theater New York, showing the most villainous villain who ever pursued a heroine, out-heroining all other heroines. Horrible murder plot, nipped in the bud; deep, dark dungeons, dank and dreas. Cyclonic chases in which the villain still pursues her, and everyone chases himself an deverybody else chases upon curses, love triumphs, villainy is vanquished. "Goodness Gracious." It's a terrible plot. Too terrible for words. The pictures tells it all.

"Hearst-Selig News Pictorial" is also included on this program. All the latest animated news are shown.

Lecture On Field Fortification.

Another instructive lecture on entrenchment, redoubts and gun emplacements was delivered Thursday at McKay school to the engineer corps under A. M. Calderon, by David Donaldson, C.E., formerly attached to the Royal engineers. Abundance of diagrams were put on the blackboards and copied into their note-books by the engineers and several interested visitors, among them Professor W. M. Edwards of Alberta university, and chairman of the Civil Engineers society, who later addressed the members, signifying the cordial co-operation of his society as expressed recently by unanimous resolution. Drill on Saturday and Sunday will be at 2.30 and on Monday at 7.30 all at McKay school. On Saturday the company will proceed to the valley for reconnoitering practice. Next Thursday's lecture will commence "bridge building."

WORLD'S GREATEST KIDNEY REMEDY

"Fruit-a-tives" Have Proved Their Value In Thousands of Cases

WONDERFUL RECORD OF A WONDERFUL CURE

Only Remedy That Acts On All Three Of The Organs Responsible For The Formation Of Uric Acid In The Blood.

Many people do not realize that the Skin is one of the three great eliminators of waste matter from the body. As a matter of fact, the Skin rids the system of more Urea (or waste matter) than the Kidneys. When there is Kidney Trouble, Pain In The Back and Acrid Urine, it may not be the fault of the kidneys at all, but be due to faulty Skin Action, or Constipation of the bowels.

"Fruit-a-tives" cures weak, sore, aching Kidneys, not only because it strengthens these organs but also because "Fruit-a-tives" opens the bowels, sweetens the stomach and stimulates the action of the skin.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for $2.50, trial size, 25c, or will be sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

CORRESPONDENT GIVES DESCRIPTION CAPTURE OF LILLE BY GERMANS

London, Oct. 17—(3.55 a.m.)—How Lille was taken by the Germans and a description of the recent fighting in that district is contained in a despatch from Hazebrouck and forwarded by Reuter's Paris correspondent:

"On October 7," the despatch says, "the Germans took the offensive in the line of Douai, Aubercheicourt and Aniche, and for two days the battle raged, the allies eventually being compelled to give some ground. Meanwhile the allies' left wing continued its forward movement, menacing the Germans extreme right. The Germans therefore moved north also.

"There were only 300 infantry in Lille at the time. These troops, although fatigued by days of fighting, made such an excellent showing that the Germans retired, fearing a trap. The Germans returned Tuesday with reinforcements and occupied the city."

GENERAL CARRANZA'S RESIGNATION NOT YET HANDED TO CONVENTION

Washington, Oct. 17.—General Carranza's resignation has not been presented to the Mexican convention at Aguas Calientes. Today's reports to the state department reiterated that the question of his retirement would not be taken up until additional delegates from Zapata arrived. Official despatches today said the temporary organization of the convention had been permanent. All delegates took the oaths, swearing to abide by the de-

BELIEVES COVERED RIGS SHOULD BE USED CARRY INSANE PEOPLE IN CITY

Peter Gunn, member for Lac Ste. Anne, called attention in the legislature Friday to the fact that in many cases, if not all, prisoners and insane persons are taken from one place to another, through the city streets, is uncovered rigs. Mr. Gunn suggested to the premier that covered rigs be used fo rthe purpose. He stated that often, especially in the case of insane people, unsightly exhibitions are made in full view of women and children who happen to be on the streets. The suggestion will be taken into consideration.

BELIEVED NEW TURKISH CRUISERS ARE SCRAPPING WITH THE RUSSIAN FLEET

London, Oct. 17—(6.20 a.m.)—A despatch to the Exchange Telegraph company from Bucharest coming by way of Rome, says:

"Heavy cannonading has been heard the past day of Kustendje (in Roumania on the Black sea). It is believed that the former German cruisers Goeben and Breslau, which now fly the Turkish flag and which undertook to escort from Sulina an arm of the Danube traversing the district of Dobrudja, Roumania, several transports landed with ammunition, have either attacked or been attacked by the Russian fleet."

Best Aeroplane Engine.

London, Oct. 17—The official press bureau announces that the army council has awarded a prize of $250,000 to the Greene Engine company of England for the best aeroplane engine. The Greene engine is watercooled and 160 horse-power. The award was made after open competition.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Motherl If tongue is coated give "California Syrup of Figs."

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomachache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of al lages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

Fine Old Gentleman Suffered 40 Years With His Kidneys

He even had Hemorrhages from the Kidneys, so you may know how bad he was. Yet today, at 67 years, Mr. Allen is able to do a good day's work or enjoy a long drive without the least pain. This is what Gin Pills did for him. They will do as much for you if you have any Kidney or Bladder Trouble.

Port Elgin, N.B. November 12th.

"I feel it my duty, for the sake of those afflicted with similar troubles, to send you these few lines about Gin Pills. I am about 67 years old and have been troubled with Kidney Trouble since I was 25 years old. This was brought on by my getting over-heated and then sitting on cold steps in a draught.

Atlast, I had Hemorrhages of the Kidneys. I went to three doctors and tried most everything on the market but got no relief. I got very weak, had pain and lameness in the back; often, I had to lie down during the day and it was for me to be on a waggon. I began to think there was no help for me. The bleeding continued for 10 months until I just happened to try Gin Pills which has now put an end to the trouble.

Now I can look back over 15 months at my relief from suffering and anxious care. I can do a lot of chores, drive all day, have no pain, although I am still taking 2 pills a week as they seem to make things easier."

JEREMIAH ALLEN

Gin Pills are sold by dealers everywhere at 50c. a box, 6 boxes for $2.50. Trial treatment sent free on request. These pills can be had in the United States under the name "GINS" Pills. 250

MILITARISM HAS REACHED ITS CLIMAX

To the reader blessed with the imagination which can visualize a scene or picture a condition out of the scant material of a newspaper dispatch, this war gives the sense of living in an epoch such as never before experienced by any people at any time.

"To think that we should have lived to see the greatest war in the history of the world," is an expression so common that almost everyone has used it.

Yet while esuch is the commonest of expressions, how few, if any, yet realize the extent of the catastrophe and the import of what is going forward. Battle lines three hundred miles long, a million men here, another million or two there, three, four, six million beyond, all bearing arms and bent on slaughter; ten thousand human beings killed in a charge, twenty thousand sacrificed to take a position, forty thousand to capture a fort, guns in action that hurl sudden death from an unseen battery ten or fifteen miles away, bird men hovering like great vultures over approaching columns, battles in the air and under the sea, searchlights boreing into the darkness of the night to detect the dreaded Zeppelins with their dew of death, wireless whisperings around the world to warn peaceful merchantmen of the approach of the low rakish craft or of the buccaneers in the offing which we thought lived only in the romances of our childhood literature, hundreds of thousands of the solidest burghers and the most fixed peasantry in the world literally torn by the roots from the soil on which they sprang to be swirled before the storm, little human atoms as helpless as leaves in a hurricane. Charges and countercharges through orchards, hop yards and garden plots where chickens flutter away from beneath the falling dead; villages older than any of the warring dynasties demolished by a volley; cathedrals with memories extending back into medieval darkness shattered and crumbled in a twinkling; the proudest leviathans of the shipwright's brain tumbled into the fathomless depths, their human freight gone to Davy Jones' locker like a plummet.

The whole thing seems like some fantastic nightmare—must seem more so to those closer at hand—and one wonders if this can be real or is one not going to wake up and discover himself the victim of some weird hallucination.

But its reality is so terrible, so overwhelming, that while men rush to arms and women weap, while soldiers and statesmen grip themselves and hurl their legions and the country's resources into the abyss one scarce has time to weight the causes and the consequences, to guess from where this tidal wave of human misery springs and whither, besides the gates of death, the race is bound as it is born on its crest. Only this we know, that while the peoples of the world have not yet found themselves in this titantic struggle there is, deep down in the world's consciousness, the sense of some immense and elemental question upon which the race must divide. Just how this question will ultimately be defined we do not at this time know. But rising shrill above the crunch and the groans there comes across the fields of battle an occasional articulate and penetrating cry to convey some message as yet vague and but dimly worded: "Leadership or Lordship," says Churchill, and invites the world to plunge in and settle the question once and for all. "It is these radicals who are attempting to force us into the fight" says the Spanish ambassador, "the very men who were for peace when the territorial questions in Africa were up so recently." "The question before the world is whether it shall be ruled by its citizens or its soldiers," says Asquith, as he sends his own sons to the front to fight the battle of citizenship. "You must not fail me if you find yourself called on to fire upon your own flesh and blood," says the kaiser, to which the arch-fiend Bernhardi adds, "We must not think merely of external foes who compel us to fight—a war may seem to be forced upon a statesman by the state of home affairs." And in corroboration of these authoritative admissions that the causus belli is some great fundamental question of sociology may be set the Parisian socialist's clarion cry that: "This is no more the war we abominate. It is the universal revolution which dawns."

Dimly, but from many zones, there come the notes to indicate that the race is commencing to appreciate the nature of the thing about which it is fighting. The answer has not yet been given form, nor even a battle cry, but it will presently find articulation clearly so that all may understand. Quite possibly, in the finish it will take form as something in the nature of a new and universal Magna Charta by which a law for the world will make it no longer necessary for men and nations to arm themselves against ogres who would make their subjects the emissaries of their vengeance. Militarism has reached its climax.

THE POSTAL POSITION OF CLOWN IN BORDEN'S INEFFICIENCY CIRCUS

One of the strangest kinks of our wonderful postal system has lately made itself apparent at Fort George.

As Edmontonians know, the Edmonton board of trade, after many months of the most clamorous petitioning, finally secured from the postal authorities a direct mail service from this city to Fort George. Previous to this recently-established service the postal department had been carrying mail from Edmonton to Fort George via Calgary, Ashcroft and the Cariboo road, ignoring entirely the fact that there was such a thing as the Grand Trunk Pacific. The Edmonton board of trade having, with great difficulty, convinced the proper party at Ottawa that there is such a thing as the Grand Trunk Pacific and that it is a railway on which trains run from Edmonton through the mountains, the aforesaid proper party, (whoever he is), has taken such a strangle hold on the facts as laid before him that he has now routed all Fort George mail, from all points in the universe to arrive "via Edmonton," and letters now cannot reach that point by any other avenue of approach.

The effect of this order is that letters mailed from points between Fort George and Prince Rupert—say Vanderhoof or Hazelton, for instance—are now carried to Rupert, then to Vancouver, thence to Calgary and thence to Edmonton, in order to reach this, the only point from which—so far as the postal authorities appear to have discovered—mail may start to reach Fort George. A letter mailed in Vanderhoof, 60 miles to the west of Fort George, travels 2,200 miles around a circle to reach its destination.

The postal department easily maintains its position as clown of the Borden inefficiency circus.

WHERE ONE MENACE TO THE EMPIRE IS LOCATED

Sam Blythe, in the Saturday Evening Post, tells of how the censors, in their zeal to keep the public in the dark about the war, held up for days the dispatches to Canada covering speeches made in the British house by the government leaders, and how, before these speeches were allowed to go out for Canadian consumption, the censor drew his blue pencil through certain passages of what Mr. Asquith had to say in his message to the empire.

There is something tragically humorous about a situation which permits any army officer to pass upon the wisdom of what Premier Asquith has to say to the empire—as though being an army officer promptly equips the wearer of the equalets with the wisdom which licenses him to edit Mr. Asquith's message. But there is also a flagrant insult to Canadian intelligence in this presumption which interposes itself between Canadians and the prime minister of the empire, as though we were too childish to be allowed to know what he would like to convey to us in an open deliverance of public policy.

The censorship is undoubtedly one of the most stupid institutions in the world. When it comes to looking for menaces to the empire, this institution will surely take a place near the head of the list.

Another of Those Superb Sun. Dinners at the King Edward

There's a genuine pleasure in eating at Edmonton's De Luxe Hotel.

Many of the discriminating people of the city, as well as the traveling public, realize it and dine at the King Edward—now operated on the European plan.

The King Edward has the most perfect table d' hote meals and the most finely appointed dining-room in Alberta.

For Sunday a special menu has been prepared by the King Edward chefs and the King Edward orchestra will play between 6 and 8 p.m., while it is being served in the King Edward way.

The price is $1 per plate. Patrons may reserve tables in advance by telephone. Do it now.

SOME COMEDY IN WARFARE AROUND TOWN OF ZOMBA

"Vot You Mean You Gott Tam Fool, You'll Hit the Ship" Says Irate Teuton.

DIDN'T KNOW WAR HAD STARTED; THOUGHT JOKE

British Government Steamer Misses Boat at Hundredd Yards Rrange.

London, Oct. 17—A letter to the Daily Chronicle from Zomba, headquarters of the government in Nyassaland, dated September 5, says:

"Germans have crossed our northern border and are entrenched four miles on the other side of the Zongwe river. British troops are in a strong position to the north of Karonga. All the Britishers in the colony have joined the Nyassaland volunteer reserves, and some have already been sent to the front.

"There has been a sort of naval action, the best that we can put up in this part of the world. It happened in this way:

"The German steamer Von Pismann, was reported to be on the east coast of Nyasea, beached and under repair in a small harbor, so the British government steamer Guendoline was armed and sent to take possession of her. The Guendoline approached the narrow entrance to the harbor and steamed slowly in, expecting to be fired upon any moment. Nothing happened, however, and her commander brought her broadside and cleared for action. Her marksmanship was not very good. A gun was fired and missed; again and missed; and yet again and missed.

"A fourth shot scored an outer on the gangway. Then the German skipper appeared and shook his fist at the Guendolen and shouted: "Vot you mean, you Gott dam fool? If you fire again you will hit the ship.' He was then informed that war had been declared. His own government had not informed him.

"Resistance was useless, the ship was partly dismantled and her engines were rendered useless, while the skipper and engineer, both Germans, and three British Indians, who formed the crew, were taken prisoners.

"On land the campaign has been more exciting. Our outposts came in contact on September 2 with a German detachment, with the result that 12 Germans were killed and one German officer was wounded. There were no casualties on our side.

FRENCH REPULSE NIGHT ATTACK BY GERMANS ON ARRAS

London, Oct. 17—A Reuter telegram from Arras, dated Wednesday, says:

"This town is still in the firing line and exposed to the enemy's attacks. Only yesterday the Germans made another attempt to recapture it under cover of darkness, but after several hours of violent artillery and rifle fire the French were left in possession of all their positions."

NEW BRUNSWICK WILL GIVE TRANSPORTATION FOR GOODS TO BELGIUM

Fredericton, N.B., Oct. 17.—The New Brunswick government will provide free trans-Atlantic transportation from the port of St. John for all goods and supplies contributed by the people of this province to the stricken people of Belgium. Free transportation to St. John has also been promised by the inter-colonial and the Canadian Pacific railways.

Fifteen thousand barrels of New Brunswick potatoes, a gift of the province are in transit to Halifax, whence they will be forwarded with other relief for the Belgian people on a steamer leaving at once. This contribution by the province is in addition to one hundred thousand bushels of New Brunswick potatoes, which the provincial government has contributed to the imperial government.

TAXES ON CALGARY LAND IS TOO HIGH SAY MEN OF CITY

A delegation of Calgary taxpayers visited the city Friday in connection with an amendment they wished to have put through with regard to the tax regulations of the foothill city.

In the party were Mayor H. A. Sinnott, E. H. Crandell, Richard Wallace, Alderman T. A. P. Frost and Colonel James Walker.

At the King Edward hotel one of the delegation stated that about five years ago some outlying property was taken into the city limits of Calgary and that the agreement was that it should be assessed as farm land, at not over $50 per acre, until such time as it was subdivided into lots.

It appears that a delegation appeared before the legislature two years ago and that a change was made, by which the land in question was assessed at a higher valuation. Friday's delegation wanted some relief in the matter, which is now before one of the committees of the house.

AN AMERICAN'S MESSAGE TO ENGLAND

(Written by William L. Totten, a lawyer of Seattle, Wash., and given to the Capital by W. F. Puffer, M.P.P. for Lacombe.)

To England, dear old motherland,
Americans their greeting send.
Extending now the cordial hand
Of sympathy from friend to friend.

Her northland sons our brothers are
Fraternally to them we say,
"When rolls the darksome cloud of war
"We share thy sorrows day by day."

Forgotten is the buried past,
And in a nation like thine own,
With deep affection unsurpassed
We wish success to England's throne.

For England's throne on honor based,
Supported by her people's will,
By Freedom's hands securely placed
Man's noblest mission shall fulfil.

Though seas divide, our kindred race
One grand inspiring impulse feels,
And meeting tyrants face to face
The units of the race reveals.

Here's to her hosts on land and sea,
Who hold at bay a wolfish pack,
May God defend their liberty
And bless the grand old Union Jack.

The colors of our flags are blent,
And through their beauteous colors run
The golden thread of just intent
That makes our destinies as one.

GERMAN ARMY CUT IN TWO; CLAIMED 10,000 PRISONERS ARE TAKEN

Petrograd, Oct. 17.—The Courier publishes a report to the effect that a German force which entered the Warsaw, Russian Poland region, after two days of hard fighting, was cut in two and driven back on the Lodz, Pelrokoff and Kielce line. The newspaper says it is claimed that 10,000 German prisoners

GIVEN THREE MONTHS FOR RESISTING ARREST

Joseph Trottier, a trapper from Durfineride, who resisted arrest last January, was sentenced to three months' imprisonment by Judge Hyndman in the supreme court Thursday afternoon.

Trottier was accused of selling liquor to the Indians in the district and Constable Jenkins of the mounted police was sent to arrest him. He found Trottier, armed with a huge axe, and he refused to surrender. Taking his gun, the constable shot at the axe, knocking it out of Trottier's hands. The latter picked it up again only to have another bullet wrench it from his grasp. Then in a hand-to-hand fight the constable soon demonstrated his superiority and effected the arrest.

REGULATE YOUR BOWELS AND STOP HEADACHES, COLDS, SOUR STOMACH

Cascarets make you feel bully; they immediately cleanse and sweeten the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. A Cascaret tonight straightens you out by morning—a 10-cent box from any druggist keeps your Stomach regulated, Head clear and Liver and Bowels in fine condition for months. Don't forget the children.

TALBOT LADIES RAISE SUBSTANTIAL AMOUNT FOR HOSPITAL SHIP FUND

Talbot, Alta., Oct. 17.—A very successful chicken pie supper and dance was given at Talbot by the women's institute, in aid of the Canadian Women's Hospital Ship fund, and the sum of $115 was raised towards the same. This is a great credit to the ladies of this vicinity, and the institute. It is felt that the ladies would feel amply repaid for their trouble if towns and villages of large sizes would show the same results, instead of patriotic meetings only.

BAD WEATHER CAUSES GREAT SUFFERING ON FRONTIER OF RUSSIA

Venice, Oct. 17.—Reports received in Vienna from the headquarters of the German army on the Russian frontier are said to admit that the soldiers are suffering intense hardships in the cold rainy weather, owing to lack of proper warm clothing. The Russian prisoners on the other hand, are all said to have been found to be well provided for the winter and are wearing fur caps covering both their heads and their necks.

EDMONTON DOCTORS TO GIVE SERVICES FREE TO DEPENDENTS OF SOLDIERS

At a meeting of the Academy of Medicine of Edmonton held Wednesday evening, October 14, the following resolution was unanimously adopted:

"In view of the conditions under which we as a nation are now laboring, we, the members of the Edmonton Academy of Medicine, collectively and individually, as a patriotic duty, undertake the professional care of the needy dependents of any men serving with the allied forces, during the war now going on—free of all charge.

"That this service be understood as supplementing the ordinary agencies for the medical care of the sick poor."

FIVE AMERICANS ARE WOUNDED BY MEXICAN BULLETS NEAR NACO

Naco, Ariz., Oct. 17.—Five men—a civilian and four soldiers of the United States cavalry—were wounded today by Mexican bullets fired across the boundary in the course of an attack by Governor Mayterena's troops on the Carranza garrison at Naco, Sonora.

A Few War Atlases Left---Get One Now

The world has never seen such a terrible war as is now raging in Europe. Millions are in the field, millions of women are at home sorrowing. The harvest fields are trampled by armed men riding to battle. Armored ships plow the seas with guns ready. Airships whirl through the air dealing death. A whole continent has gone suddenly mad.

It is almost impossible to read the moves of this war intelligently without the aid of the maps in a good atlas.

The Daily Capital Atlas contains colored maps of the world, Europe, Russia, England, Germany, France, Belgium, Servia, Austria, together with their colonies and possessions in all parts of the globe, also pictures of the principal leaders, battleships, submarines and Zeppelins.

Every man and woman in Canada is keenly interested in the outcome of this great war. The situation can be studied only with up-to-date clearly-defined maps, such as you will find in this war atlas. History is being made today as it never was made before.

The subscription price of the Daily Capital, payable in advance, to city subscribers is $2.00 for six months or $4.00 a year delivered at your door; to country subscribers by mail $1.50 for six months or $3.00 per year.

For every six-months subscription received while the supply of atlases lasts we will give one atlas free.

One who is now a subscriber may get one of these atlases by forwarding the price for a renewal for six months after the date his present subscription is paid to.

Better still, if a subscriber whose subscription is paid induces a friend to subscribe for six months to the Daily Capital we will forward each an atlas free.

NEW LINE TO GIVE MARKETS TO LARGE SETTLED COUNTRY

Edmonton Northwestern Radial Railway, for Which Bill, Introduced by Pembina Member, Has Received two Readings, Will Fill Big Gap Close to City—District to be Served is Rich in Several Kinds of Wealth—Already There is Important Agricultural Production—Taps Oil Fields.

A line of railway that will undoubtedly fill one of the gaps which is necessary to be filled if the greatest thing Edmonton and the Edmonton district can at the present time is to become need at the present time is to become a certainty is that to be built by the Edmonton Northwestern Radial Railway company, the bill for which has way company, the bill for which has passed two readings in the legislature, where it was introduced by Gordon Macdonald, member for Pembina, and will probably get a third reading and be finally passed early next week.

It has often been said by public speakers from far and near that the greatest necessity of Edmonton is to have the lands immediately tributary to it settled on. Parts of the districts in which these lands are situated are already enjoying railway facilities, but a look at the map will disclose the fact that a gap exists between the Edmonton, Dunvegan and B. C. and the main line of the Canadian Northern, northwest of the city.

Country is Producing.

The country between those two lines, both of which are practically ready for first class traffic at present, is fairly well settled already and enormous amounts of live stock and produce wait to be shipped to consuming centers, such as Edmonton. This district is the one which the new Edmonton Northwestern Radial railway is designed to serve.

The incorporators include S. D. Hogan, the well-known railway contractor; A. E. Farcomb, civil engineer; S. B. Woods, K.C., and the city of Edmonton, the latter being a party because of the fact that the road will seek entrance to the city, via the Tramways, Limited, which has made an arrangement with the city and which now has three gangs of men at work on its line from the First street market to the village of Namao.

Construction Next Spring.

The Radial line seeks power to build from the city in a general northwesterly direction to the Pembina river. It is stated that a preliminary survey will be made this fall and that active construction will be proceeded with in the spring, by which time it is expected the line to Namao will be practically finished. The capital of the company is $500,000.

"The country through which the road will pass, especially the Riviere Qui Barre district grows large quantities of produce even now," said Mr. Macdonald after the legislative sitting Friday. "It is an excellent country for mixed farming and the raising of live stock. In an ordinary year the territory which will be immediately affected by the railway will produce about 300,000 bushels of potatoes and 2,000,000 bushels of grain, which could easily be shipped to Edmonton over the railway.

Rich and Varied Resources.

"Besides the proved agricultural possibilities of the country, there are valuable coal lands at Riviere Qui Barre, which is one of the places the line will probably touch, and further north the country abounds in other resources. The lakes, especially Lac la Nonne, could supply this whole city with fish of excellent quality, including the finest white fish. Big game also abounds.

"The Nakamun Asphalt and Oil company has spent considerable money in drilling for oil in township 56, range 2, west of the fifth meridian, and one of the difficulties of this and other companies has been the lack of transportation facilities, which the new road will supply. It requires a great deal of time and money to haul heavy drilling machinery into a country over ordinary country roads, especially through new districts. Another oil company, I understand, is to drill at Wild Horse."

IF BACK HURTS BEGIN ON SALTS

Flush your Kidneys occasionally if you eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, backache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

FEIGNED INNOCENCE BUT FAILED EXPLAIN HIS BURGLAR OUTFIT

While passing the rear of a store on First street on Thursday evening the attention of Constable Albert Miller was attracted by the man who was stealthily in an endeavor to pull off a burglary stunt.

The man was so engrossed with his job that he failed to notice the approach of the policeman and when he found himself captured tried to feign that he was merely walking through the lane. On his persons was found an assortment of tools commonly used by burglars. He gave his name as Fred Perger.

Magistrate Massie sentenced him to two months imprisonment on Friday morning on a charge of vagrancy.

BLACK BELLE BUCKLEY CHARGES DUSKY FRIEND WITH WHITE SLAVERY

Charles Lewis and Bessie Buckley, both colored, were very intimate friends until Wednesday and then they had a falling out which will probably be permanent.

Bessie is the proprietor of a bath house on the corner of Jasper avenue and Kinistino and on Wednesday Charles dropped into her place to enjoy the pleasures of a vapor bath and the additional joy of having the fair Bessie massage him afterwards. He had his bath but could not get the massage and then put his hand in his trousers' pockets to get his money out. He found that the lucre, amounting in all to $32.15 had disappeared and forthwith he accused the "fair" one with taking it. She claimed she knew nothing of it but he did not believe her and seized her by the hair, forcing her to scream and shout for help. Aid in the shape of Detective Bryant and Constable Teeter arrived and they arrested Lewis for assault.

In his turn Lewis has charged Bessie with theft of the $32.15 but that does not end the trouble for Bessie has been the cause of an even more serious charge being made against Lewis. She has signed a statement to the effect that Lewis on many occasions brought men to her for immoral purposes and that she had to pay him half of the proceeds.

GERMAN FLAG HOISTED ALONG DUTCH FRONTIER

London, Oct. 17.—A Daily News despatch from Rotterdam timed Thursday midnight, says:

"The Germans today entered Zeebrugge, from a military point of view, the most valuable port on the Belgium coast. To the southwest communication wit hDunkirk, Frnace has been cut. The German flag has been hoisted all along the entire Dutch frontier.

"Northeast of Ostend the Germans are rapidly pushing forward to the coast. This afternoon their outposts were seen at Knocke, two miles from the Dutch frontier on the North sea. The main army from Antwerp is advancing westward.

10,000 GERMANS ARE LODGED IN BUILDINGS AT CAPTURED SEAPORT

London, Oct. 17. (8.25 a.m.)—The correspondent of the Daily Mail at Flushing, Netherlands, sends the following regarding the movement of the German troops in northwestern Belgium:

"The German troops are leaving Ostend for the east. Approximate 10,000 are lodged in the public buildings of Ostend; 2,000 have left Zeebrugge and there are no Germans between Heyst and Sluis. The Germans billetted at Bruges are behaving well, but those at Maldeghem have caused considerable damage."

VIENNA SAYS AUSTRIANS CHASING RUSSIANS NEAR STRONGHOLD OF PRZEMSYL

Vienna, Oct. 17. (12:05 p.m.)—It was announced officially in Vienna today that the fighting continued Thursday along the entire battle front from Stry and Sambor—both to the southeast of Przemysl—to the south of the river San.

"In Marmaros, Ziget, Hungary, the enemy has been pursued by Austrian detachments which have occupied Palis.

"In the valley of the Black Bistrica, the Russians are retiring. Our troops have followed them to Zielona.

"The river Bistrica and the town of Zielona are in Galicia close to the Hungarian frontier.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS—25 CENT DANDERINE.

Save your hair! Make it soft, fluffy, lustrous and beautiful.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

THE GAY WORLD.

SERIES OF LECTURES TO LADIES AT THE HUDSONIA

An interesting series of addresses to the ladies of Edmonton will be delivered on four afternoons next week in the Hudsonia Tea rooms, by Rev. Alfred Hall, senior chaplain for Canada of the British and Foreign sailors society, who is in the city acting as commissioner for the distribution of the late Lord Strathcona's Nelson shields to the university, colleges and educational institutions of Edmonton.

Each afternoon at 4 o'clock an address will be delivered on social work for the welfare of British sailors throughout the world.

The musical arrangements will be carried out by the Alberta college of music. A lady president will take the chair on each occasion. The meetings are timed from 4 o'clock to 4:45. All seats are free and unreserved and there will be no collection.

Mrs. J. D. Hyndman has consented to preside at the inauguration of the series on Monday afternoon and Mrs. E. W. Cautley on Tuesday afternoon.

The meetings are convened under the auspices of the Canadian National Ladies' guild for sailors, of which Her Majesty, the Queen, is patron and Lady Willison of Toronto, president.

All ladies are cordially invited.

ST. CATHARINES LADY TO ORGANIZE NEEDLE GUILD

London, Oct. 17.—The organization of the "Queen Mary's Needle Work Guild" in Canada is the object of a trip being taken by Miss Catharine W. Merritt, of St. Catharines, Ont., who accompanied by Misses Denison, Wells and Hodges, sailed by the Furness liner Digby for St. John's, Newfoundland. From the ancient colony they will proceed to Halifax, Montreal, and Toronto.

The main object of the Canadian branches of the guild will be supply the Canadian war contingent association with clothing and comforts for the Queen's Canadian military hospital at Shorncliffe. Any surplus will be distributed generally to the men at the front.

Miss Merritt, who is a keen Imperialist and a practical organizer, has had the honor of receiving her commission for this task direct from the Queen, who authorized her to extend Her Majesty's patronage to the Canadian branch. She carries with her one thousand badges of the guild, the gift of Lord Northcliffe and the proceeds of their sale will go to the funds of the guild.

The provisional committe of the Canadian work, which has been formed here, includes Mrs. G. H. Perley, Lady Strathcona, Lady Osler and Mrs. Armour.

Miss Merritt and her companions were in Germany when the war broke out and escaped by way of Switzerland and Paris.

The special evangelistic services at First Baptist church will conclude on Sunday when very special services will be held both morning and evening. The pastor, Rev. F. W. Patterson, will speak at both services.

London's Beauty Writers

Weekly Selections from Noted Beauty Experts Writing for the English Press. Simple and Effective Methods.

By OLGA AMSDELL, Special Correspondent, London, England.

Each week in this department I will endeavor, by careful clipping from the London papers, to keep my Colonial readers informed on the latest and best advice of the London beauty experts. Owing to the persistent demand most London newspapers and periodicals are now devoting much space to the serious consideration of beauty culture. Many of them now employ high salaried experts to advise and instruct in methods most efficient for enhancing or restoring beauty of face and figure. I append herewith a few clippings from the leading English publications. Any of the ingredients mentioned could be obtained from a skilful chemist or druggists, so I am told. Look out for more hints next week. I shall endeavor to keep right up to date.

A Strange Shampoo

A young woman envied for her beautiful glossy hair declared she never washes it with soap or artificial shampoo powders. Instead she makes her own shampoo by dissolving a teaspoonful of stiffly granules in a cup of hot water. "I make my chemist get the stuff for me," said she. "It comes only in sealed packages, enough to make up twenty or thirty individual shampoos, and it smells so good I could almost eat it." Certainly this little lady's hair did look wonderful even if she has strange ideas of a shampoo.

Wonderful Growth of Hair

Long ago I made a resolution to try and concoct a real hair grower. My own formula, now perfected after tedious experimenting, has had the effect of giving me a wealth of hair that is surprising. Obtain from your druggist an original package of bergamum, and mix with this ½ pint of bay rum. Rub this into the scalp often and morning with the finger tips. It sets the hair-roots tingling with new life.

Secret of Beauty Doctors

It now transpires that the mysterious white paste used so successfully by many beauty specialists for ridding the skin of objectionables hairy growths is nothing more than powdered phenjuol which can be found in any drug store. With phenjuol and water make enough paste to cover hairy surfaces; apply and in two or three minutes rub off, wash the skin, and it will be free from hair or blemish.

To Lengthen Eyelashes

Eyelashes will be greatly beautified if meanwhile be applied at lash roots with thumb and forefinger. A few such treatments make them grow long, silky and curly. Thin, straggly eyebrows will grow thick and lustrous by merely rubbing petroleine on, but be careful and don't get any where no hair is wanted.

No Powder Necessary

Yes, powder has ruined more complexions than it has aided, and while you use it you can hope for nothing better than an imitation of a real complexion. Take my advice. Get from your druggist some ordinary eleminite and dissolve in a little water; then you will have an ideal yet inexpensive lotion, which seems a part of the skin. The result lasts all day long, even under the most trying conditions. To prepare the face and neck for an evening in a hot ballroom there is nothing to equal this simple and harmless lotion.

Goodbye to Curling Irons!

Don't burn the life out of your hair with that instrument of torture, the curling iron. You can keep your hair beautifully wavy and curly by using a perfectly harmless liquid known to the drug trade as "silherine." You need only apply a little with a clean tooth brush before retiring and in the morning you will be most agreeably surprised with the effect. And this effect lasts for a week or two, depending upon the weather, so a small bottle lasts a long time and is quite economical to use. Pure silherine is really beneficial to the hair and it leaves no greasiness, stickiness or streaks.

USE PILENTA COMPLEXION SOAP, THE GREAT ENGLISH COMPLEXION CLEANSER. ALL DRUGGISTS.—ADVT.

FRIENDS FLOCK ROUND MAN WITH MONEY; ONE ARRESTED IN MORNING

After working on the grade all summer, James Smith, an old gray-whiskered laborer, came into the city on Thursday to buy some supplies for his homestead. He had considerable money and was quite willing to spend, so did not lack friends.

Among these pseudo-friends was Fred Bryan and he, it is stated, was particularly friendly, and accompanied Smith on his travels over the great city. In the course of their wanderings they visited many hotels.

When night came on Smith started for the C. N. R. depot with Bryan, but never got there, for as they were walking along some one hit him with a club and he knew nothing until he awoke in a rooming house in the morning. Bryan was not with him and Smith jumped to the conclusion that he was responsible for the assault. He had him arrested and on Saturday morning before Magistrate Massie, Bryan was committed for trial at the next court of competent jurisdiction.

PEACE CONVENTION SAYS HOSTILITIES MUST STOP AT NACO

Mexico City, Oct. 17.—The constitutionalist peace convention at Aguas Calientes issued an order yesterday directing Generals Carranza, Zapata and Hill, and Governor Mayterena, of Sonora, to stop immediately the hostilities at Naco, Sonora, under penalty of being regarded as public enemies.

Generals Angeles, Buelna, Contiras and Galvin were expected to arrive here late last night on their way to Zapatas headquarters, which have been established on the outskirts of the federal district. The four generals will invite Zapata to send a formal delegation to the peace conference without delay.

The family of General Carranza left the capital last night on a special train bound for the United States by way of Laredo, Texas.

GRIMSBY TRAWLER IS BLOWN UP BY GERMAN MINE IN NORTH SEA

London, Oct. 17.—(3:57 p.m.)—The steam trawler Ajax, of Grimsby has been blown up in the North sea by a German mine. Nine members of the crew lost their lives.

LAW

Love, let us leave the dust and din
Of wrangling tongues, and seek our kin,
The stars. All day and all the night
Men roar of wrong, men shout of right;
Men legislate with hollow phrase
The rapture from the budding tree,
And statute, over statute, raise
To cow the wind and fright the sea.

It is of us that endlessly
Men wrangle, love, of you and me;
Your feet that stray, my lips that lie,
Yea, we are tigers, and they quake!
And they must curb us with their laws,
Lest through the bars the tiger break
And crunch creation 'twixt his jaws.

Their shouts bewilder. Let us go
Where on green meadows, dim and slow
Dark walks with daylight, and the birds
Confuse not holy things with words;
Singing but what the spirits sing
Who wander through the quiet grove,
God's love, and ever-echoing,
God's love, and ever God's deep love.

To some high hill where closely burn,
The world's love, let us go and learn
Of Law. The singing stars shall be
Our schoolmates, and eternity
The manual wherefrom we spell.
Love let us go to God to school,
When we have learned our lessons well,
We may not prove so hard to rule.

LAST SAILING NEW YORK TO ARCHANGELSK SOON

The Canadian Northern railway city ticket office has been informed that the Russian-American line steamship Czar, which made her last trip from New York to Archangelsk in 13 days, has just sailed for New York. This will mean that there will be another sailing to Archangelsk this season. It is expected that a very large number of Russians will avail themselves of this last sailing. The date of the sailing has not yet been fixed, but it is expected that the Czar will sail in about two or three weeks.

Gold From Germany.

London, Oct. 17.—(1:45 p.m.)—The Exchange Telegraph company has given out a despatch from its Athens correspondent who says he has learned from a reliable source that a sum of money equal to 5,000,000 in gold has reached Constantinople from Germany.

Makes Face Young—Tightens Love Ties

A fretful expression, a wrinkled face and a faded complexion, do more to drive the male members from home than is commonly supposed. It was one of my greatest difficulties to appear smiling, fresh and elegant when my dear ones were with me. But I have overcome all that. I have changed my mental attitude and I now find it second nature to look cheerful. Due partly to this, partly to a remarkable treatment recommended by a friend, my appearance has so improved I look fifteen years younger than before.

A simple face lotion made by dissolving an ounce of powdered saxolite in a half pint witch hazel proved a wonderful wrinkle-chaser. I still use this occasionally. To renovate my complexion I purchased an ounce of ordinary mercolised wax at my druggist's and before using this up, a marvelous transformation has taken place. It was like removing an unsightly mask, revealing a new face, a youthful complexion of distinctive delicacy, clear, white and velvety. I merely applied the wax like cold cream before retiring, washing it off morning. Ten days' treatment sufficed.—"Aurilla" in Clubwoman.

How Would You Look Without Your Hair?

The answer is too serious to contemplate. And yet, every time hair comes out in the combing you are that much nearer a condition of partial or total baldness. Don't neglect your hair. It's loss is a calamity, which deprives woman of her greatest charm.

Newbro's Herpicide

SAVES AND BEAUTIFIES THE HAIR.

Dandruff robs the hair of luster and luxuriance and causes it to come out. Hence one's system of personal cleanliness is incomplete unless it includes a reliable, sanitary hair dressing. The fact that thousands of ladies daily depend upon Herpicide to keep the hair and scalp clean and free from dandruff is the best possible evidence of the value of this well-known scalp prophylactic.

It is to those who wish to make the most of nature's gifts by having light, fluffy, snappy hair that Newbro's Herpicide appeals most strongly. It has an exquisite fragrance, contains no grease and does not dye or darken the hair. Herpicide is the Original Germ-Remedy for dandruff.

You will like Newbro's Herpicide — try it.

COAST HOCKEY FANS LOOK FOR GOOD SEASON COMING

Not Expected That There Will be Many Holdouts—Dick Irvine and Norman Cook Will Try for Places—Expected Many Amateurs Ready to Flop.

The hockey promoters on the coast are having very little trouble so far this season, it is stated in lining up their players, and are expecting to have plenty of good material on hand when the season opens.

Bobby Rowe was the first Victoria player to return his signed contract to Manager Lester Patrick, and a whole budget of them will, it is expected, be soon received. Patrick has sent transportation to all of his men and is not counting on many holdouts.

The war partly accounts for this readiness to fall into line. Many of the athletes are none too well fixed, and they can't afford to dicker for fancy salaries. Conditions are far from prosperous and they simply have to play hockey.

Another reason is the readiness of many well-known amateurs to jump into the professional ranks this year. Many of them who, while working at regular jobs, would prefer to remain simon pures, are now numbered among the unemployed and they are only too willing to commercialize any hockey ability they possess.

Amongst the new players from the amateur ranks who will probably try out on the coast this winter is Norman Cook, of Taber, Alta., a member of the famous Cook septette. He is a defense man and a good one, and the general concensus of opinion is that he has a good chance of catching a place.

Dick Irvine, the Winnipeg center player, is another who will in all likelihood be seen in a coast uniform this year. The probabilities are that Winnipeg, the greatest center for high class amateur hockey in the country, will see an off year at the game, and many of the players that are left will be willing to accept lucrative terms with the pros. Irvine is one of the best puck chasers in Canada and his absence from the Monarch line-up undoubtedly had a great deal to do with their losing the Allan cup to Regina last year.

CON JONES AGAIN LACROSSE BACKER

Coast Magnate to Boom Game on Coast Next Summer.

Con. Jones has definitely announced intention of geting back into the lacrosse game next season. Even Mr. Jones opponents freely admit that last year lacrosse was anything but a success, while his friends express the belief that the National game will see a great revival next year. Con. says that he will proceed to round up players who have left the coast and who he claims are under contract with him to play here under an agreement between himself and the Big Four. "I look upon Lalonde as one of my players," stated Mr. Jones, "and shall ask him to come back here and play next season, Mr. Jones was not prepared to make any statement about the attitude New Westminster might take now as to possibility of the Victoria team being formed if Westminster declined to enter league with Vancouver. Mr. Jones has received letters from coast players now in the East inquiring as to the possibilities for re-entering the game on the coast.

Y.M.C.A. DOES MUCH GOOD WORK AMONG THE FOREIGNERS OF CITY

The local Y.M.C.A. is again beginning its season's work among the "Coming Canadians" of the city. Two years ago 341 men were reached through the classes held in the building an din boarding and lodging houses in different parts of the city. Last year the number of men reached was 519, twelfth among the associations on the continent, and the second in Canada. Several of the classes were also continued two months longer into the summer than in the previous year. Among the teachers were four lawyers and law students, three school teachers, thirteen university students some of whom were ex-teachers, and six office and business men. The association holds a unique position for pioneer work of this kind. Many of the new comers will not respond to outside calls, and must be sought at their lodging houses and places of employment where their reception of teachers is most cordial. Questions asked such as "What church" "What party?" "What cost?"—indicate the vantage ground of the association. The men have been helped not only in teacher, but counselled in matters of employment, business, citizenship correspondence, travel and other things. A beautiful oil painting hangs in one of the association offices, the gift of a pupil after being eighteen months in the city and in appreciation of the teaching received. Other tangible expressions of appreciation have been made and many interesting experiences passed many interesting experiences passed teaching. It has been far from a matter of merely "giving"—some of the teachers putting it clearly, when they said they perhaps "got" more than they "gave." But apart from the experience received in teaching it is well to recognize the fact that among these "Coming Canadians" are men of large native ability who if helped along at this stage will do credit to our citizenship. Canada never called as now for a great united citizenship, and the association is keeping this prominently in the front during this season's work.

EASTERN CANADIANS MAKE SWEEP AT PEG DOG SHOW

Championship of Whole Show Won by Toronto Collie—Airdale is Declared Best Sporting Dog of Exhibition—Toronto Man Big Winner.

Winnipeg, Oct. 17.—Clampionships and a large share of the general specials of the Winnipeg Kennel club bench show of dogs went out of the city, mostly to the east. The show, which was held in the Winnipeg Industrial Bureau for the past four days, was under Canadian Kennel Club rules. The championship of the whole show was won by a Toronto collie, Farbold Picaroon, owned by Dr. C. Y. Ford. Reserve champion went to Chinook Courtney Coronet, owned by E. P. Tusen of Lethbriddge.

The award for the best non-sporting dog in the show went to the champion and to the reserve champion. The best sporting dog in the show was declared to be Mooreside Hock, owned by Frank Wood, Toronto. It is an Airedale and was entered for sale at $250. J. G. Kent's greyhound, Master Eutcher, another Toronto dog, was given reserve of best sporting.

Of the prizes and specials that went east there were 34 firsts, taken by dogs handled by Bert Swann, of Toronto, for Ontario owners, who also captured ten seconds, eight thirds, 28 specials, 15 winners and six reserve winners.

DUNDERDALE WILL NOT ACCEPT TERMS

Pro Hockey Player Not Willing to Stand Cut in Salary.

Winnipeg, Oct. 17.—Tommy Dunderdale, one of Winnipeg young hockeyists who has helped Mister Patrick win two championships on the Pacific coasts, is a holdout. He says he will not stand for the big cut in his salary which the contract sent him for this winter's work calls for. The cut is $200 for the season, and Tommy says that last winter he also suffered a big reduction and rather than accept a further cut he will stick to the job here in Winnipeg this winter and amuse himself watching the local speed artists perform. Lester Patrick's letter to Dunderdale also intimates that he will not even pay transportation to Victoria, something he has always done before, and this is another complaint that Tommy has to make. Dunderdale has proved a very valuable man to the Victoria team for the last three years and his goal getting ability has made him one of the most dangerous forwards playing the game in Canada, and his absence from the game this winter would no doubt prove an injury to the sport as high class hockey players seem to be very scarce.

IF INMAN MAKES 270 POINTS HE WILL WIN GAME FROM AMERICA

Chicago, Oct. 17.—Playing in the best form he has shown here, Melbourne Inman, champion English billiardist, yesterday beat Willie Hoppe 1,202 to 190 at the Brtish style. Inman won the afternoon game 601 to 80, and the result of the night performance was 601 to 110.

Inman now has 3,415 points to 2,684 for Hoppe. In the thousand point 18.2 balk line match to be played tomorrow, Inman must score 270 points to win the local match.

Inman's average today was 52 6-23 and Hoppe's 8 14-22.

LUCK AND FEDS HELPED BOSTON IN WINNING OUT

Except for Outlaws Rudolph and Gowdy Would Have Been Traded.

Luck and the Federal League were able assistants of George Stallings in the winning of the 1914 National League pennant. That this is true is shown in a story involving prominent athletes in the persons of Jack Quinn, Henry Gowdy and Richard Rudolph.

Going back to the early part of the year it will be recalled that James Gafney, president of the Braves, became indignant when he learned the Baltimore Federals had signed Jack Quinn, ex-Yankee pitcher, then a star with the Rochester Club.

The more he thought about it the worse the deal looked. Gaffney consulted Stallings. They agreed it was a shame. Whereupon Gaffney called in his attorneys and shortly afterward came the announcement that the Federal League had been named defendant in a $25,000 damage suit.

Gaffney and Stallings had a reason. Quinn looked like the best pitcher in the International League. A deal was arranged. A couple of athletes of mediocre ability were to be given in exchange. Dick Rudolph and Henry Gowdy were the notables. Everything was ready for the transfer when the "Feds" cut in. "If Rochester cannot deliver Quinn we will keep Rudolph and Gowdy," complained Gaffney. "Perhaps we can find another market for them," quoth Stallings.

Finally the season got under way and Rudolph and Gowdy remained. One fine day business began to pick up for Stallings & Co. Gradually came the realization that Rudolph and Gowdy were stars and the two were mighty prominent in the lifting of the Braves to a championship.

That's the story of a lucky break. And the question is, where would the Braves have finished had the original trade gone through?

AUTOMOBILE NEWS

GREAT DEMAND IS EXPERIENCED FOR MOTOR CARS

American Automobile Manufacturers Have No Cause to Fear War.

American automobile manufacturers are facing the brightest prospects since th einception of the industry, in the opinion of John N. Willys, president of The Willy-Overland company and second largest manufacturer of automobiles in the world. Since his return from the war zone, Mr. Willys has made a careful survey of business conditions in the United States and declares himself exceedingly well pleased with the outlook.

Mr. Willys says, "Automobile builders on this side of the Atlantic have nothing to fear because of the terrible conditions abroad. For a while, the lack of transportation facilities and abnormally high insurance rates hampered foreign business, but since the seas have become practically free and insurance is more reasonable, export shipments are being resumed on a large scale. With the exception of the warring countries, the business of the entire civilized world is America's for the taking.

"In drawing my conclusions I must, of necessity, use the business of my own company as a criterion, to some extent. Upon returning to this country after an absence of two months I find that never in the history of the Willys-Overland company has our business been better. For the months of September and October our contract schedules call for approximately 75 per cent. more cars than the schedules of a year ago. But a careful investigation of conditions indicate that if we build every car called for by the schedules we will still fall far short of the demand.

"Our factory men are working full force, full time and full pay. Yet we have on hand fully 1,000 more unfilled orders than we had at this time last year. We have orders for more than five million dollars worth of cars for immediate shipment. And this is in spite of the fact that our shipments are averaging more than fifty more cars per day than during the corresponding period of 1913.

From June 30, the start of our fiscal year and September 1, we have received more than double the number of orders received during the same space of time last year. In these two months our business was more than $2,000,000 greater than that of 1913, our best previous year.

"Overland dealers throughout the country, with the exception of those in the cotton belt of the south, give us the most optimistic reports we have ever received. Business in the south is not as good as it might be as the war has cut off a large portion of the cotton market. But the added business from the grain country and the rural communities of the central states offset the decline in the south by more than two to one.

"A short trip through the east shows that the retail sales of Overland cars are far in advance of those of any previous year. New York City alone has greater sales than last year by more than 100 per cent. Philadelphia, Boston, Washington, Baltimore, Rochester, Buffalo, Syracuse and other eastern points show similar gains.

"Moreover, the prospects for future business are fully as bright as the present realities. The first panic due to the war has gone and business has regained its normal equilibrium.

We have tangible and substantial evidence that we are facing the most prosperous year we have ever experienced."

Book For Men, Free

8,000 Words, 30 Illustrations

TO MY READERS:

Of the little illustrated advice book described below, which I gladly send free to all men who fill in the coupon, I beg to say that it represents the very BEST information of a private nature which I am able to offer you as a result of over 30 year's observation and study of my subject, during which time I have personally interviewed many thousands of men, young and elderly, single and married, rich and poor alike, who came to me in confidence with their confessions of debility, lost nerve force and failing strength.

It is, reader, this vast and unusual opportunity which has enabled me to compile this very popular and valuable little free book (over a million of which have been sent everywhere to men who wrote me for them), in a manner to reflect the exact living, breathing experiences and needs of real men who sought information as to the newer ways of self treatment without the use of drugs.

Remember, this book of over 8,000 words and 30 illustrations will come to you by return mail in reply to your request, and in a perfectly plain sealed envelope, for it is no one's business but your own what the envelope contains. There is absolutely no obligation on your part to buy anything or pay anything, and merely the receipt of this book does not mean in any way that you are to use one of MY VITALIZERS. See description below, and, in fact, only a portion of the book has any reference to the VITALIZER at all. Primarily it is a compendium of useful information for private reference, which you and all other men may easily profit by through life.

Therefore, please use the coupon, or, if nearby, I should be very glad to have you call.

SANDEN, Author.

It is a fact, reader, which you and I must recognize and admit, that the whole world admires and is fascinated by strong, vigorous, lively manhood, and we must also admit that it is this same manhood and this hope which is behind the real leaders and producers in every walk of life. No matter where we go, we find it to be the manly, vigorous, vital fellow who forges to the front, who fascinates men and women of his community, who does the really great things, and this manly man merely means nature's laws gone wrong, for it is he who hails and headlines, who takes the back seat, who does not fit into the picture in a way that a manly, vital nature should. And yet, reader, it is my firm belief that any man, no matter what his past, no matter what dissipations or follies may have left their mark upon his physical and mental being, can say to you that such a man, unless there be some unusual reason, may hope for a complete restoration of his strength, vigor and self confidence, if he but go about his self-restoration in a natural, commonsense way.

I make a little appliance which we will call a VITALIZER because I think that is the best word to describe its strange power. I don't want you to think of getting one of these VITALIZERS just now, but would like you to investigate my claims as to what I believe can be accomplished by almost any weakened man who uses this VITALIZER faithfully for a few weeks. I speak, of course, of him who is willing to give up dissipation and lead a decent, conservative life, not only while using the VITALIZER, but for the future. The other kind of man, the dissipated, can hope for nothing from any treatment, no matter what it may be, hence such a man is eliminated from my consideration.

This little VITALIZER is made to wear upon the body all night. It weighs only several ounces and is no more unhandy than an ordinary belt. As it generates a great FORCE that I call VIGOR, which apparently flows into your blood, organs and nerves while you sleep. Men say it takes any pain or weakness out of the back and that 60 to 90 days use has been sufficient to restore manly strength and to put men in the "never felt better in my life" class. Special attachments carry the FORCE of the VITALIZER to any part of the body, for the use of women as well as men in cases of rheumatism, kidney, liver, stomach, bladder disorders, etc.

Over two hundred thousand of these VITALIZERS have been used or are now being used by men all over the world.

You had better learn more of this VITALIZER. It is fully described in my free book. If you live near me, why not call and test the VITALIZERS yourself.

WHAT THE FREE BOOK TELLS

The free illustrated advice booklet mentioned above is meant to be a simple declaration of certain important truths that every man in the world should know. The day has gone by when men were kept in ignorance of the real troublems pertaining to these private subjects, and this illustrated advice booklet, which I send to men sealed, by mail, gives certain important facts relating to sex, just as these facts are. The booklet tells what the VITALIZER is and you are told how you may get one if you decide that you want one. Please use coupon below, or call. Hours 9 to 6; Sundays, 10 to 1.

PATRICK WILLING TO HELP N. H. A.

Will Probably Aid in Bucking New Eastern Hockey League.

Vancouver, B.C., Oct. 17.—Frank Patrick, president of the Pacific Coast Hockey association, declared yesterday that while the Coast league would lend support to the N. H. A. in the war with the proposed new Eastern league, that no official action would be taken until the annual meeting next week. He intimated, however, that the coast would stand behind the N. H. A. all the way.

"Dutch" Lehman, former goal keeper of the New Westminster club, will probably come to Vancouver this season. Frank Patrick for the star custodian.

Con Jones is quietly preparing to re-enter lacrosse next season. It leaked out today that the former Vancouver magnate is already lining Victoria sportsmen with the object of organizing a two team league embracing Vancouver and Victoria. Con has confirmed the story.

SHARP IS WINNER IN THREE CUSHION GAME DEFEATING BILLY RYLE

Although scoring 48 to Sharp's 40, Billy Ryle met defeat at the hands of George Sharp in a three cushion billiard match in the Empire parlors last night, as he had agreed to make 50 points.

The game was intensely interesting all the way through and finish was very exciting both players having 48 points. Some nice runs were made during the contest, Ryle twice running five and Sharp breaks of four.

Sharp, Dr. Young and King have all succeeded in beating Ryle this week in the handicap tournament and will play off next week for the prize offered by the Empire management.

Last night's score:

Sharp, 50; high runs, 4-4.

Ryle 48; high runs, 5-5.

Referee—W. Kelley.

TROPHIES PRESENTED AT HORTICULTURAL MEETING

The Edmonton Horticultural society held its annual general meeting in the office of the industrial commissioner on Wednesday evening, when the prizes won at the recent flower show were presented by the retiring president. There was discussion in regard to a civic flower show for the city and a general meeting will be held later at which George M. Hall will speak on the subject. The financial statement for the year was presented by the secretary and showed that in view of prevailing conditions the year had been a satisfactory one and it is hoped to be in a position to put up a cup next year.

The following trophies were presented:

The following trophies were presented by the retiring president: Mayor McNamara's cup for the grand aggregate, won by F. Cullimore; society's silver medal being the second, was won by H. E. Soper; a handsome cup valued at $50 donated by Robt. Ewing was won by J. T. Priest; a silver tea pot donated by the A. E. Potter company was won by F. Cullimore; a silver cup donated by the Journal was won by P. Schafer; a gold medal donated by Messrs. Randell, McKay, Michie Co., won by J. E. Bible; also a silver medal won by W. P. Reeves.

The following officers were elected for the ensuing year: President, Alderman Rice Sheppard; first vice-president, George H. Adams; second vice-president, J. P. E. Carmen; secretary, A. Pike, auditor W. McC. Moore; executive committee, F. Cullmore, A. Pike, Thos. Christy, W. T. Braddon, C. J. Hurleston, W. Stowe, G. Slocombe, A. M. Douglas, H. Payne, Geo. Taylor, Harry Wilson and Philip Schafer

ASKS FOR CHANGE IN THE GAME LAW

Member for Grouard has suggestion which he claims would aid fox industry.

That a change in the game laws with regard to foxes would be beneficial to al leoncerned was claimed Friday in the legislature by J. L. Cote, member for Grouard.

At present the regulations make it unlawful for any person to catch foxes during the closed season, which is the summer. It does not matter whether they are offered for sale or killed or not, the regulations prohibit the "taking" of the animals.

Mr. Cote's point is that it would do no harm in any way if the regulations permited the taking of foxes, as long as they were not killed. The Grouard members says that the animals often stand a better chance of surviving if kept under domestic care than if allowed to live wild.

The minister of agriculture promised to look into the matter and it is probable that a change will be made in the regulations.

Kerosene, allowed to remain on the metal several hours, will cleanse zinc.

ARE USING MANY FORDS IN EUROPEAN CONFLICT

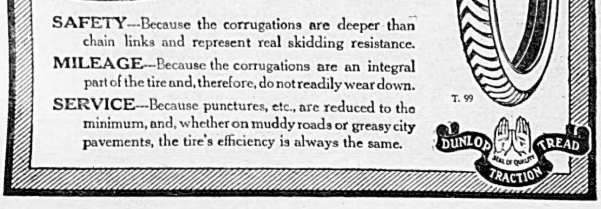

The motor car is playing a part of great importance in the present European war and putting a complexion on transportation features vastly different from that of any previous armed conflict. One of the first announcements concerning Germany's mobilization was the fact that a score or more of officers crossed the Belgium border in motor cars in advance of their troops.

Of the thousands of cars of all description now in use for various purposes of warfare, the larger proportion by far is Fords. The French government impressed all the taxicabs of Paris and a large proportion of these are Fords. Russia had already purchased a large number of Fords for military purposes and is now using them for the practical duties of actual warfare. In England, too, the Ford is playing an important and very active part in the military operations.

In time of war the government takes what it needs whether the object is privately owned or not, nbodubtedly before the great European conflict is ended thousands of privately owned cars will be pressed into service and of these, naturally, because of preponderance in number, many will be Fords. This effective demonstration of the practical utility of cars, made on this side of the world will be of great advantage to the manufacturers here as it will be the best kind of exploitation of a car's virtues and merits along the line of durability and reliability.

FORMER PRO FOOTBALL PLAYERS ARE GIVEN A DOUCHE OF WHITEWASH

Toronto, Oct. 16.—Twenty-five players who accepted money for their services in the now defunct professional soccer league were last night placed in good standing by the secretary of the Dominion Football association. The action is subject to ratification by the committee. There are still a number of players who are anxious to get back with the amateurs, but these cases were not ready last night.

SAFETY—Because the corrugations are deeper than chain links and represent real skidding resistance.

MILEAGE—Because the corrugations are an integral part of the tire and, therefore, do not readily wear down.

SERVICE—Because punctures, etc., are reduced to the minimum, and, whether on muddy roads or greasy city pavements, the tire's efficiency is always the same.

THE UNIVERSAL CAR

Buyers to Share in Profits Lower Prices on Ford Cars

Effective from August 1, 1914, to August 1, 1915, and guaranteed against any reduction during that time.

Touring Car	$590
Runabout	$540
Town Car	$840

In the Dominion of Canada Only F.O.B. Ford, Ont.

FURTHER we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments IF we can reach an output of 30,000 cars between the above dates.

AND should we reach this production we agree to pay, as the buyer's share, from $40 to $60 per car (on or about August 1, 1915) to every retail buyer who purchases a new Ford car between August 1, 1914, and August 1, 1915.

PACIFIC COAST WILL SUPPLANT EUROPE AS THE TOURIST MECCA

A telegram received by the local Grand Trunk Pacific railway officials confirms the opinion already held by transportation experts that the European war is likely rather to increase travel to the Panama-Pacific International exposition, opening in San Francisco on February 20 next year, than reduce it. The flood of American and Canadian tourists to Europe will be far less than in ordinary years, and the inquiries flowing into headquarters in San Francisco prove that the thousands of travellers who ordinarily flock to the various pleasure resorts of the continent, will turn their faces towards the Pacific coast in 1915.

Under worst possible conditions," wired G. H. Perry, director of exploitation for the exposition, "we shall lose only about 60 per cent of our promised exhibits from Europe, and we have the assurance, from all participating nations now involved in the struggle, that their plans will not be seriously interfered with. We have heard from exhibitors' committees in both Germany and Great Britain within the past few days, requesting that the space originally reserved for them be held and in the case of the German committee an intimation was given that increased space might even be asked for. Requests for space and for additional space from manufacturers and producers in this country and South America and of European nations not at war show marked increase since war broke out."

Rumor Promptly Denied.

London, Oct. 17—A rumor circulated today to the effect that the great battle cruiser Invincible together with the first class protected cruiser Terrible, had been sunk in the North sea by German submarines, was promptly denied by the admiralty.

United States this year imports 90,000 bales of Australian wool.

ITALIANS WILL ASSIST THEIR OWN UNEMPLOYED

At a meeting of the Italian society of Edmonton, held at the headquarters of the society, 10269 Ninety-sixth street, the Venice club rooms yesterday, arrangements were made for the establishment of a free employment bureau for the purpose of assisting those of Italian nationality out of employment to secure whatever work is to be had in the present condition of affairs. The employment bureau will be at the address given, and an effort will be made to arrange with contractors and others to secure for the Italians a share of the work that is going forward.

The Italian society is progressing favorably with its plan for the establishment of an Italian colony in the Lac La Biche country. Already 26 settlers have been placed on land, another party of six having been sent out last week and still another party now being made up for next week.

Those going out at the present time are preparing the way for the big settlement which is to take place next spring.

All information about the society and its plans is to be had from the secretary of the society at the same address.

ATHABASCA VALLEY LINE WILL TAP RICH COUNTRY

Gordon Macdonald, M.L.A. for Pembina, has introduced a bill in the house regarding the Athabasca Valley railway, which seeks to start within two years and finish within five a line of railway from Independence, on the E. D. and B. C. northwesterly to the Pembina river.

The line will tap a country rich in agricultural and other possibilities and one where the need of transportation facilities have been badly felt for some time past. The bill has now received two readings and will come up for final hearing Monday or Tuesday.

EXPECTED PANAMA WILL BE OPEN FOR TRAFFIC AGAIN WITHIN A WEEK

Washington, Oct. 17.—Colonel Goethals cabled the war department today that traffic through the Panama canal, blocked by a landslide into Culebra cut, Tuesday night, would be reopened in about a week unless there were be further earth movements. The official report on the slide and its effect was brief:

"Slide occurred on east side of canal north of Gold Hill at 5 o'clock last evening, 1,500 feet long, completely blocking the channel for 1,000 feet in length." Col. Goethals cabled. "Dredges were moved to the north it when movement began and are now operating to open up the channel for passage of boats. Unless further movement occurs, expect to have channel open in one week."

A Moses Comes Among us; Yea; Even Greater Than Moses, Says Man at Bar

"Left, as it was, in the tender and fostering care of the great Roman Catholic church, this child had a much better chance for existence than did Moses when he was abandoned in the bullrushes by his weeping and sob-dowing mother." This was the peroration rendered by E. Jackson, lawyer for the defence in the case of Mrs. Mary Moore, charged with deserting an infant in the Roman Catholic church on Tenth street on October 7, and it had the desired effect. The magistrate smiled and announced that the case was dismissed.

The infant in question is a posthouse child, born in Calgary five weeks ago and about four months after the death of its father. The mother, alone in the world, weakened by her illness and unable to care for her offspring, regretfully decided that she would have to leave the baby in the care of some person or institution. With this purpose in view she came to Edmonton and effered it at the Misericordia hospital. The nurses there disliked to refuse, but they could not see their way clear to accet the charge, as their accommodation was already taxed to the limit; so they sent the mother away.

She walked down the street until she came to the Roman Catholic church. At the time a wedding ceremony was being performed, and then she was struck with the idea of leaving the child in care of the Roman Catholic church, of which all her life she has been a devout member.

Slipping quietly into the vestry she laid the little living bundle on a chair and then hid to await developments. As she expected, the baby was soon discovered, but she went away, convinced that it would be well cared for and that she need no longer worry about its welfare. She left for Calgary the same day.

The church authorities reported the find to the police and, puting two and two together, they soon came to the conclusion that Mrs. Moore was the one who had abandoned it. A warrant was issued for her arrest for abandoning the child she was brought back to Edmonton to stand trial.

The child is still in the care of the church and will probably remain so until its mother is again strong enough to support it herself.

DR. HORACE WESTWOOD PEOPLE'S FORUM SUNDAY

On Sunday evening at 7.30 in the old Presbyterian church, the "People's Forum" will be addressed by Rev. Horace Westwood, pastor of the "All Soul's" Unitarian church, Winnipeg. The topic for the evening will be "The Forces of Labor and the War," forming one of the series on the "Great European War," which have been so well attended on recent Sunday evenings. Dr. Westwood has been in charge of the church at Winnipeg for over two years and has been most successful in building up a rapidly increasing and active membership. His sermons and addresses on sociological and other kindred subjects have been very much appreciated by his widening circle of members and adherents. The doctor is the secretary of the Canadian Unitarian association, the editorial secretary of the Canadian Welfare League, and on the executive of the Social Service Council of Manitoba. He is touring the western provinces in connection with his secretarial duties, and this visit to the People's Forum is much appreciated by the Forum executive. After the address the public debate will give many opportunities, both to critics and admirers, on the usual lines to express their convictions and ideas.

IOWA MAN VISITS CITY.

A guest at the Cecil hotel today is W. M. Parkes, of Clinton, Iowa. Mr. Parkes has a large transfer business in his home city and is here to take a general look over the country. He is very much impressed with the city and district, and it is probable that he will invest considerable money here.

THE DAY AVAILETH THEM NOTHING FOR ELECTION MATERIAL

Many Questions Put by Opposition Members are Well Answered by Ministers.

EDMONTON LAND OFFICE LARGER THAN CALGARY

Large Numbers of Wealthy Settlers are Coming into Province at Present.

Friday might be described as question day in the legislature, as practically the whole time, between 2:30, when the house met, and about 6:30, when it adjourned till 4 o'clock Monday afternoon, was taken up by questions of all kinds put by members of the opposition to the cabinet ministers. The questions were all on the 1915 estimates, which were finally disposed of.

When the item of $5,000 for elections was reached, Dr. John Stewart, of Lethbridge, asked if the amount was meant for an election to be held in Edson or Edmonton constituencies, both of which are now represented by Attorney-general Cross.

Members and Members

"It is not fair to have two constituencies represented by one man," said the Lethbridge member.

"Why not?" asked Premier Sifton.

"Is one man capable of representing two?" continued Dr. Stewart.

"Some of them are?" replied the premier, looking at the government side of the house. And then there was laughter.

Premier's Quick Retorts

"Why, then, do you increase the number of constituencies?" doggedly continued the opposition member.

But the premier was not outdone. "To give you the chance of representing two or three," after which there was a roar.

A. E. Ewing, the junior member for Edmonton, was still not satisfied and asked if he was to understand that it was the policy for one member to represent more than one constituency.

The premier replied that it appeared to be the rule in the federal parliament. Hon. C. W. Cross was not present during the afternoon.

Edmonton Office Larger.

That the Edmonton land titles office does a larger volume of business than the one at Calgary was shown by the figures for the year, which were given by Hon. C. R. Mitchell, in the absence of the attorney-general. The point came up when Robert Campbell, of Ricky Mountain, asked why the estimates for 1915 showed an increase for the Edmonton office and a decrease for Calgary.

If the opposition members who asked questions about the assembling of telephone poles at various points thought they were going to strengthen their own positions or weaken those of the ministers they must have gone away in the evening convinced that they had come off second best.

Good Distributing Points

Robert Patterson, member for Macleod, told about poles having been piled up previous to the last election, in the town of Macleod, although they were not used there. The premier showed that it was necessary to store the poles at some point and Mr. Patterson had the satisfaction of knowing that the government considered Macleod a good distributing center.

Whereupon J. H. Lowery, Alexandra, stated that he had no less than three good distributing points in his districts, including Lloydminster. Mr. Sifton told him that they had chosen other places besides Vermilion, the premier's own constituency, so that the charge could not be made that poles were stored at Vermilion for election purposes.

Publicity for Province

Hon. Duncan Marshall, minister of agriculture, believes that large numbers of American settlers will settle in Alberta next spring. When the item of $20,000 for "immigration, colonization and advertising" came up in the agriculture estimates the minister stated that it was nearly all for publicity, as immigration was handled by the dominion.

A considerable portion of the amount was for the maintenance of the Winnipeg publicity office of the province. He had thought that, on account of the financial conditions, the office might be closed for the winter and had visited it on his way back from Europe.

However, he found that on the average 20-men from the United States registered each day, many of them enquiring about Alberta, and particularly the Peace River country.

Many were actually settling here now, and bank managers would tell them that large amounts of money were being deposited by the new-comers. He, therefore, believed that they could not afford to close the Winnipeg office.

JACOB FINDS THAT ECONOMY DID NOT PAY IN THIS CASE

As Jacob Rein was walking in the C.N.R. yards the other day he perceived a quantity of coals lying beside the track, evidently having leaked out of a car. Being of an economical turn of mind and thinking of the hungry chickens at home, Jacob procured a sack and proceeded to gather the grain. Unfortunately for his plan he was seen by Constable Derbyshire and, as he could not give a satisfactory account of his action, he was, in vulgar parlance, "pinched." On Saturday morning Magistrate Massie let him out on suspended sentence and the grain will be returned to the railway.

EDMONTON IN BRIEF

The first council meeting of the Young Men's Social and Political federation was held Friday night at the Y.M.C.A. The meetings take the form of a city council, and are held the first and third Friday of each month. The bylaw introduced last night was on markets. The discussion and procedure proved highly interesting and instructive. The next meeting will be held in Westminster Presbyterian church on the first Friday in November at 8 p.m.

"That the city appoint and pay for the magistrate's stenographer and clerk of the court; and that the city get a third of all fines, costs and so on payable to the province under the statute, the city get all the fines under city bylaws, and in motor car cases get one-half the fines where city officers arrest and conduct the prosecution." The foregoing are the chief items in the arrangement proposed by Commissioner Booth in regard to the division of police court fines. The safety and health committee of the city council has arranged to call on the attorney-general's department to discuss a settlement in these matters. The proposal of the commissioner has met with the approval of the committee.
